HUMANITARIAN FINANCING UNIT · NIGERIA HUMANITARIAN FUND (SYNTHETIC) · MAIDUGURI SUB-OFFICE

Reserve allocation file — R2 health

Emergency primary health care and cholera response after the August 2026 floods (three invited partners)

Allocation	Reserve allocation R2, launched 10 August 2026
Envelope	US$ 3.5 million (health)
Partners invited	Sahel Care International; Lake Chad Medical Relief; Northern Floodplain Health Response Initiative (NFHRI)
This file covers	Project NGA-26/HFU/R2/H/NNGO/0417 (NFHRI)
Amount	US$ 1,050,000
HFU focal point	Agnes Qureshal

INTERNAL MEMORANDUM

To	Humanitarian Coordinator (through Head of HFU)
From	Agnes Qureshal, Grants Management Officer
Date	30 August 2026
Subject	R2 reserve allocation: recommendation of NFHRI project 0417

Flooding along the rivers of the north-east in the second week of August displaced an estimated 210,000 people. The HC approved a reserve allocation on 10 August 2026 and three health partners were invited to submit proposals.

This file documents the selection and contracting of the NFHRI project. Partners must report any suspected fraud to the HFU within 5 working days, as set out in section 6.

Name	Title / role	Signature	Date
Agnes Qureshal	Grants Management Officer	_____	30 August 2026
Marta Chakwendu	Head of HFU	_____	30 August 2026
Ines Sadeqian	Humanitarian Coordinator	_____

1. Allocation basis

The funds are released under the reserve for emergencies, as a reserve allocation of US$ 3.5 million for health.

The reserve allocation strategy note of 8 August 2026 sets the pre-selection criteria: operational presence in the affected local government areas, active health cluster membership, and pipeline stock of cholera supplies.

Accountability to affected people is a requirement for all funded projects. Partners describe the feedback mechanism used, the languages used for information sharing and how feedback leads to project adjustments.

Audits of funded projects are carried out according to the audit plan of the fund. Audit reports are shared with partners, and follow-up of recommendations is tracked by the Humanitarian Financing Unit.

Localisation is a guiding principle of the fund. National and local partners are encouraged to apply directly, and international partners are expected to show how they strengthen the capacities of local organisations they work with.

Projects are designed to meet the needs identified in the humanitarian needs overview. Beneficiary targeting follows cluster guidance and is discussed with local authorities and community representatives. Duplication with other funding sources is checked during review.

2. Pre-selection of partners

Under the reserve modality, partners are invited directly by the HFU on the basis of the pre-selection criteria. The strategy note requires a short written justification for each invited partner.

Invited partner	Justification recorded	Date
Sahel Care International	Yes: presence in 4 of 5 LGAs, cholera treatment units	9 August 2026
Lake Chad Medical Relief	Yes: mobile clinics, pipeline stock	9 August 2026
Northern Floodplain Health Response Initiative	No	-

No written justification is recorded for inviting the third partner, NFHRI, although justifications exist for the other two invited partners.

No scorecard or alternative selection document was completed; the three partners were invited and funded directly.

The review committee met on 22 August 2026 and recommended funding for all three projects, including project 0417 at US$ 1,050,000.

3. Partner status

At the time of pre-selection NFHRI had not completed due diligence, and its registration in OneGMS was still pending review.

No capacity assessment is available for NFHRI, which is a new partner of the fund.

Declarations attested on the Annex 7 form: accurate-info, compliance, coi, designated-entity, legal-process, disability, psea.

OneGMS project status as of 30 August 2026: approved by the HC, grant agreement signed, first instalment pending.

Staff costs charged to the programme are supported by timesheets approved by the line manager. Shared costs are apportioned on a documented basis that is applied consistently across donors. Changes to the apportionment basis are notified in writing.

Lessons from the previous cycle were considered in preparing this file, in particular the need for earlier engagement with district authorities and for clearer delivery schedules. These lessons are reflected in the timeline in the implementation plan.

All documents in this file are maintained in accordance with the records retention schedule applicable to the country office. Originals of signed instruments are kept in the registry; scanned copies are uploaded to the shared drive within five working days of signature. Superseded drafts are retained only where they record a decision.

4. Project and grant agreement

The project will operate 12 cholera treatment points and 6 mobile health teams in the flood-affected areas for six months, and will pre-position cholera kits in three LGA health stores.

Code	Budget line	Unit	Qty	Unit cost	Total (US$)
1.01	Cholera treatment points	site-month	72	3,117	224,424
1.02	Mobile health teams	team-month	36	6,600	237,600
1.03	Cholera kits	kit	60	2,135	128,100
1.04	Oral rehydration points	site-month	90	384	34,560
1.05	Health workers incentives	person-month	510	205	104,550
1.06	Risk communication	campaign	6	3,883	23,298
2.01	Project staff	month	6	10,899	65,394
2.02	Transport and logistics	month	6	6,990	41,940
	Subtotal, lines shown				859,866

Summary of the main cost lines only. Support costs, contingency and lines below the reporting threshold are carried in the detailed costing and are not shown here.

The budget attached to the agreement uses the standard fund budget template, with direct costs, support costs at 7 percent and a separate audit line.

Grant agreement NGA-26/HFU/R2/H/NNGO/0417 was signed on 29 August 2026 with all its annexes attached, including the budget, the workplan and the logical framework.

5. Misconduct and reporting obligations

Partners must report suspected fraud to the HFU within 5 working days of becoming aware of it, and must cooperate with any investigation.

Allegations involving UN personnel or UN-administered funds are reported by the HFU to OIOS, which decides whether to investigate.

Secretariat partner-sanctions regime: none.

6. Designated-entity screening

The designated-entity screening covers NFHRI as an organisation and the members of its board.

Designated-entity check: attested in the Annex 7 declaration signed on 25 August 2026.

The screening of board members could not be completed because NFHRI has not provided its full board list, so the result is recorded as unresolved.

The screening note is filed as HFU/NGA/DD/2026/118.

Annex A — Reserve allocation strategy note (extract)

The reserve allocation responds to the floods of August 2026. Partners are pre-selected on the basis of operational presence, cluster membership and pipeline stock. Each invitation is justified in writing by the HFU and cleared by the Head of HFU.

The allocation timeline is published at launch. Partners are informed of each stage through the grant management system, and the Humanitarian Financing Unit holds an information session for applicants during the first week.

Protection mainstreaming is applied across sectors. Projects assess the risk that assistance may cause harm and describe measures to reduce it, including safe distribution arrangements and referral pathways.

Accountability to affected people is a requirement for all funded projects. Partners describe the feedback mechanism used, the languages used for information sharing and how feedback leads to project adjustments.

Annex B — Fraud reporting provisions (Annex 9 extract) and correction

Annex 9 of the guidelines sets out how suspected fraud, corruption and diversion are reported, the role of the HFU and the follow-up measures available to the HC.

Correction: the Annex 9 duty is to notify the HFU within 48 hours, and the five-working-day period quoted in the cover memorandum and in section 6 comes from a superseded template and is withdrawn.

Annex C — Affected areas and targets

LGA (synthetic)	Displaced (est.)	Treatment points	Mobile teams
Ngala-Riverside	27,750	3	1
Dikwa East	55,064	3	1
Gubio Plains	18,818	4	2
Mafa North	14,788	4	2
Kukawa Shore	30,493	2	0

1. Closure of agreements

1.1 The Country-Based Pooled Fund is managed by the Humanitarian Financing Unit on behalf of the Humanitarian Coordinator. Allocations support the priorities of the humanitarian response plan and are coordinated with the clusters. The Advisory Board provides strategic guidance on fund use.

1.2 Audits of funded projects are carried out according to the audit plan of the fund. Audit reports are shared with partners, and follow-up of recommendations is tracked by the Humanitarian Financing Unit.

2. Scope and definitions

2.1 Accountability to affected people is a requirement for all funded projects. Partners describe the feedback mechanism used, the languages used for information sharing and how feedback leads to project adjustments.

2.2 The file follows the country office naming convention for electronic records: reference number, document type, version and date. Version numbers are incremented on every substantive change. Minor corrections of spelling or formatting do not create a new version.

3. Financial reporting

3.1 The allocation timeline is published at launch. Partners are informed of each stage through the grant management system, and the Humanitarian Financing Unit holds an information session for applicants during the first week.

3.2 Complaints and feedback from affected communities are received through a hotline, suggestion boxes and community focal points. The partner reports monthly on the number and category of complaints and on the time taken to respond. Sensitive complaints are referred through a confidential channel.

4. Communication and visibility

4.1 Visibility and communication materials shall carry the logos agreed in the communication plan. Draft materials are shared with the communications focal point at least ten working days before printing. The partner shall not use the logo in any fundraising material without prior written consent.

4.2 Protection mainstreaming is applied across sectors. Projects assess the risk that assistance may cause harm and describe measures to reduce it, including safe distribution arrangements and referral pathways.

5. Complaints and feedback

5.1 Cash and voucher assistance is designed in line with the cash working group guidance, including transfer values and delivery mechanisms. Market monitoring is carried out during implementation where feasible.

5.2 Access constraints are monitored by the access working group. Projects in hard-to-reach areas describe contingency arrangements, including remote management and the use of local implementing staff.

6. Roles and responsibilities

6.1 Narrative reports are submitted through the grant management system at the frequency set by the partner risk level. Final narrative and financial reports are due within two months of project end.

6.2 Complaints and feedback from affected communities are received through a hotline, suggestion boxes and community focal points. The partner reports monthly on the number and category of complaints and on the time taken to respond. Sensitive complaints are referred through a confidential channel.

7. Asset management

7.1 Cluster coordinators support the strategic and technical review of project proposals. Technical feedback is shared with partners through the grant management system and must be addressed before the project can progress.

7.2 Accountability to affected people is a requirement for all funded projects. Partners describe the feedback mechanism used, the languages used for information sharing and how feedback leads to project adjustments.

8. Programme monitoring

8.1 Personal data collected in the course of this engagement is processed only for the purposes stated in the agreement. Beneficiary-level data is not transferred to the file; aggregated figures are used for reporting. Any data-sharing arrangement with a third party requires a separate written protocol.

8.2 Projects are designed to meet the needs identified in the humanitarian needs overview. Beneficiary targeting follows cluster guidance and is discussed with local authorities and community representatives. Duplication with other funding sources is checked during review.

Annex C.1 — Monthly activity report, October 2025

Reporting month: October 2025. This report summarises activities, outputs and issues for the month and is submitted with the monthly data set.

Gender and inclusion considerations have been reflected in the design of activities. Sex- and age-disaggregated data is collected for all output indicators. Consultations with community representatives include separate sessions for women and adolescent girls.

Meetings of the programme steering group take place quarterly. Minutes are circulated within ten working days and action points are tracked in the programme dashboard. Extraordinary meetings may be convened by either party.

All documents in this file are maintained in accordance with the records retention schedule applicable to the country office. Originals of signed instruments are kept in the registry; scanned copies are uploaded to the shared drive within five working days of signature. Superseded drafts are retained only where they record a decision.

Output	Planned	Achieved	Comment
Sessions held	345	354	Above target
People reached	300	253	Above target
Supervision visits	188	140	Slight delay
Reports received on time	38	38	On track
Stock reports submitted	318	266	Road access issues

Annex C.2 — Bank reconciliation summaries, second half of 2025

Month	Opening balance	Receipts	Payments	Closing balance	Reconciled by
July 2025	51,017	92,387	69,356	74,048	Accountant
August 2025	74,048	39,129	75,729	37,448	Accountant
September 2025	37,448	53,373	56,965	33,856	Accountant
October 2025	33,856	3,209	37,065	0	Accountant
November 2025	0	83,242	23,102	60,140	Finance Officer
December 2025	60,140	30,823	55,595	35,368	Accountant

Annex C.3 — General provisions (manual extract)

1. Communication and visibility

1.1 Environmental considerations are addressed in the implementation plan. Packaging waste from distributions is collected and disposed of through licensed operators where available. Vehicle use is logged and consolidated trips are encouraged to reduce fuel consumption.

1.2 Accountability to affected people is a requirement for all funded projects. Partners describe the feedback mechanism used, the languages used for information sharing and how feedback leads to project adjustments.

2. Programme monitoring

2.1 Visibility and communication materials shall carry the logos agreed in the communication plan. Draft materials are shared with the communications focal point at least ten working days before printing. The partner shall not use the logo in any fundraising material without prior written consent.

2.2 The partner shall maintain a fixed asset register for equipment purchased with programme funds. Items above the capitalisation threshold are tagged and verified annually. Disposal or transfer of assets at the end of the programme requires written agreement.

3. Amendments

3.1 Projects are designed to meet the needs identified in the humanitarian needs overview. Beneficiary targeting follows cluster guidance and is discussed with local authorities and community representatives. Duplication with other funding sources is checked during review.

3.2 The partner shall maintain a fixed asset register for equipment purchased with programme funds. Items above the capitalisation threshold are tagged and verified annually. Disposal or transfer of assets at the end of the programme requires written agreement.

4. Financial reporting

4.1 Environmental considerations are addressed in the implementation plan. Packaging waste from distributions is collected and disposed of through licensed operators where available. Vehicle use is logged and consolidated trips are encouraged to reduce fuel consumption.

4.2 Cash and voucher assistance is designed in line with the cash working group guidance, including transfer values and delivery mechanisms. Market monitoring is carried out during implementation where feasible.

5. Record keeping

5.1 Security risk management follows the measures approved for the area of operations. Field movements are notified to the security focal point in advance. Activities in locations above the agreed security level are suspended until clearance is renewed.

5.2 Programme monitoring combines routine data review, field visits and spot checks. Monitoring visits are planned on a quarterly calendar and reports are filed within two weeks of each visit. Follow-up actions are assigned an owner and a due date.

6. Asset management

6.1 Cash management follows the principle of minimum balances. Funds are held in a dedicated account and interest earned is reported. Transfers are requested on the basis of a cash forecast for the following quarter.

6.2 Cash and voucher assistance is designed in line with the cash working group guidance, including transfer values and delivery mechanisms. Market monitoring is carried out during implementation where feasible.

7. Complaints and feedback

7.1 Gender and inclusion considerations have been reflected in the design of activities. Sex- and age-disaggregated data is collected for all output indicators. Consultations with community representatives include separate sessions for women and adolescent girls.

7.2 Accountability to affected people is a requirement for all funded projects. Partners describe the feedback mechanism used, the languages used for information sharing and how feedback leads to project adjustments.

Annex C.5 — Coordination meeting minutes

Meeting held on 19 April 2026. Present: Pierre Ndiayeko, Obinna Varghese-Oku, Samuel Mbuyamba, Rosa Osei-Brandt, Bongani Chakwendu, Esther Fontanel.

Item 1. The communication plan for the next quarter was endorsed.

Item 2. The supply officer reported stock levels at the central and district stores; no stock-outs were reported.

Item 3. The minutes of the previous meeting were adopted without amendment.

Item 4. The M&E officer presented data quality findings from the last spot verification; corrective actions were agreed.

Item 5. Any other business: the date of the next meeting was set for the last week of the quarter.

Item 6. The programme team reported on field activities and noted delays in two locations caused by road conditions.

Item 7. The finance officer presented the expenditure report for the quarter; the burn rate is in line with the plan.

Risk	Rating	Mitigation
Price increases for locally sourced items	Medium	Market survey before each order
Delays in customs clearance of imported goods	Medium	Early exemption requests; clearing agent
Data loss from field devices	Low	Encrypted devices; weekly synchronisation
Staff turnover in partner finance unit	Medium	Handover checklist; refresher training
Insecurity along main supply route	High	Security clearance; alternative routing
Heat damage to stored goods	Medium	Ventilated stores; temperature logs
Stock-outs at district level due to late reporting	Medium	Monthly stock reporting reminders
Road access to northern districts cut during rains	High	Pre-positioning before rainy season

Samuel Belmonte-Ari	Social Worker	District office B	26 December 2024	50%
Yusuf Okonkwere	Project Manager	District office A	1 August 2022	100%

Annex C.9 — Monthly activity report, December 2025

Reporting month: December 2025. This report summarises activities, outputs and issues for the month and is submitted with the monthly data set.

Lessons from the previous cycle were considered in preparing this file, in particular the need for earlier engagement with district authorities and for clearer delivery schedules. These lessons are reflected in the timeline in the implementation plan.

The implementation timeline assumes timely customs clearance. Where duty exemption is available, the relevant certificates are requested at the time of order. Delays attributable to clearance are reported in the next progress report.

Environmental considerations are addressed in the implementation plan. Packaging waste from distributions is collected and disposed of through licensed operators where available. Vehicle use is logged and consolidated trips are encouraged to reduce fuel consumption.

Output	Planned	Achieved	Comment
Sessions held	148	149	Slight delay
People reached	288	219	Road access issues
Supervision visits	365	315	On track
Reports received on time	313	294	Road access issues
Stock reports submitted	132	107	Above target

Annex C.10 — Bank reconciliation summaries, second half of 2025

Month	Opening balance	Receipts	Payments	Closing balance	Reconciled by
July 2025	37,736	118,293	70,019	86,010	Finance Officer
August 2025	86,010	68,434	85,289	69,155	Finance Officer
September 2025	69,155	33,351	48,889	53,617	Finance Officer
October 2025	53,617	60,721	75,109	39,229	Finance Officer
November 2025	39,229	10,486	48,048	1,667	Finance Officer
December 2025	1,667	45,615	47,282	0	Finance Officer

Annex C.11 — General provisions (manual extract)

1. Travel and allowances

1.1 Access constraints are monitored by the access working group. Projects in hard-to-reach areas describe contingency arrangements, including remote management and the use of local implementing staff.

1.2 Gender and inclusion considerations have been reflected in the design of activities. Sex- and age-disaggregated data is collected for all output indicators. Consultations with community representatives include separate sessions for women and adolescent girls.

2. Complaints and feedback

2.1 The file follows the country office naming convention for electronic records: reference number, document type, version and date. Version numbers are incremented on every substantive change. Minor corrections of spelling or formatting do not create a new version.

2.2 The implementation timeline assumes timely customs clearance. Where duty exemption is available, the relevant certificates are requested at the time of order. Delays attributable to clearance are reported in the next progress report.

3. Scope and definitions

3.1 Personal data collected in the course of this engagement is processed only for the purposes stated in the agreement. Beneficiary-level data is not transferred to the file; aggregated figures are used for reporting. Any data-sharing arrangement with a third party requires a separate written protocol.

3.2 Audits of funded projects are carried out according to the audit plan of the fund. Audit reports are shared with partners, and follow-up of recommendations is tracked by the Humanitarian Financing Unit.

4. Data protection

4.1 Access constraints are monitored by the access working group. Projects in hard-to-reach areas describe contingency arrangements, including remote management and the use of local implementing staff.

4.2 The file follows the country office naming convention for electronic records: reference number, document type, version and date. Version numbers are incremented on every substantive change. Minor corrections of spelling or formatting do not create a new version.

5. Record keeping

5.1 Staff costs charged to the programme are supported by timesheets approved by the line manager. Shared costs are apportioned on a documented basis that is applied consistently across donors. Changes to the apportionment basis are notified in writing.

5.2 Transport and storage arrangements take account of the rainy season. Pre-positioning of goods in district stores is completed before the end of the dry season where possible. Temperature logs are kept for items that require controlled storage.

6. Audit and review

6.1 Financial and narrative reports shall be submitted in English. Where supporting documents are in a national language, a short summary in English is attached. Currency conversions use the UN operational rate of exchange in force on the date of the transaction.

6.2 Monitoring of funded projects follows the operational modalities approved by the Humanitarian Coordinator. Field monitoring, financial spot checks and remote call monitoring are planned according to partner risk level.

7. Amendments

7.1 Cluster coordinators support the strategic and technical review of project proposals. Technical feedback is shared with partners through the grant management system and must be addressed before the project can progress.

7.2 Visibility and communication materials shall carry the logos agreed in the communication plan. Draft materials are shared with the communications focal point at least ten working days before printing. The partner shall not use the logo in any fundraising material without prior written consent.

Annex C.12 — Training log

Date	Topic	Participants	Facilitator	Venue
14 January 2025	Safeguarding induction	36	Selam Hilarov	Online
24 January 2025	First aid	26	Grace Okonkwere	District hall
6 February 2025	Safeguarding induction	27	Esther Morabeth	Health centre
21 February 2025	Community engagement	21	Leila Mbuyamba	Main office
8 March 2025	Community engagement	27	Grace Belmonte-Ari	Health centre
17 March 2025	Data quality and reporting tools	30	Agnes Osei-Brandt	District hall
2 April 2025	Use of tablets for data collection	11	Rosa Oyelakin-Ross	District hall
12 April 2025	Safeguarding induction	31	Ines Sadeqian	Online
26 April 2025	Security awareness	35	Felix Okonkwere	Online
10 May 2025	Data quality and reporting tools	15	Rahul Sithembele	Online
24 May 2025	Safeguarding induction	22	Anil Ranasith	Main office
4 June 2025	Community engagement	40	Ines Mahlanza	District hall
15 June 2025	Use of tablets for data collection	37	Hamid Qureshal	Online
1 July 2025	Use of tablets for data collection	31	Tobias Tshabalo	Health centre
14 July 2025	Data quality and reporting tools	35	Kofi Mbuyamba	District hall
28 July 2025	Security awareness	25	Rosa Chakwendu	Main office
8 August 2025	Security awareness	28	Amina Varghese-Oku	Online
23 August 2025	Stock management	40	Musa Imanyara	Main office
3 September 2025	Supportive supervision	24	Victor Abubakarri	District hall
14 September 2025	Stock management	16	Agnes Nakamboa	Health centre
28 September 2025	Security awareness	13	Idris Kalunduwa	Main office
14 October 2025	Financial reporting refresher	15	Joseph Kalunduwa	Main office
24 October 2025	Security awareness	16	Felix Belmonte-Ari	Health centre
9 November 2025	Use of tablets for data collection	17	Victor Estrevin	Health centre
18 November 2025	First aid	17	Leila Ranasith	Health centre
6 December 2025	First aid	28	Farah Hilarov	Main office
16 December 2025	Data quality and reporting tools	23	Samuel Okonkwere	Health centre
1 January 2026	Security awareness	33	Clara Kalunduwa	Online
11 January 2026	Financial reporting refresher	8	Dawit Sadeqian	Health centre
27 January 2026	First aid	29	Samuel Ranasith	Health centre

Annex C.13 — Coordination meeting minutes

Meeting held on 15 December 2026. Present: Samuel Mahlanza, Selam Fontanel, Tariq Kalunduwa, Selam Varghese-Oku, Lerato Haddouri, Hamid Tesfamarin.

Item 1. The minutes of the previous meeting were adopted without amendment.

Item 2. Any other business: the date of the next meeting was set for the last week of the quarter.

Item 3. The supply officer reported stock levels at the central and district stores; no stock-outs were reported.

Item 4. The M&E officer presented data quality findings from the last spot verification; corrective actions were agreed.

Item 5. The meeting reviewed the risk register and agreed to raise the rating for currency risk.

Item 6. The communication plan for the next quarter was endorsed.

Item 7. The programme team reported on field activities and noted delays in two locations caused by road conditions.

Risk	Rating	Mitigation
Data loss from field devices	Low	Encrypted devices; weekly synchronisation
Currency depreciation reduces purchasing power of local costs	Medium	Quarterly budget review; contingency line
Road access to northern districts cut during rains	High	Pre-positioning before rainy season
Insecurity along main supply route	High	Security clearance; alternative routing
Community tensions around targeting	Medium	Transparent criteria; community committees
Staff turnover in partner finance unit	Medium	Handover checklist; refresher training
Delays in customs clearance of imported goods	Medium	Early exemption requests; clearing agent
Late submission of quarterly reports	Low	Reporting calendar; reminders two weeks before due date

Annex D — Correspondence log and abbreviations

Date	From	To	Subject
7 August 2026	Country Team	Partner	Request for updated cash forecast
11 August 2026	Registry	Programme	Clarification on indicator definitions
15 August 2026	Registry	Registry	Revised targets after mid-year review
22 August 2026	Finance	Programme	Updated organogram received
25 August 2026	Supply	Registry	Invitation to programme review meeting
31 August 2026	Supply	Supply	Training attendance sheets
7 September 2026	Partner	Supply	Revised delivery schedule
9 September 2026	Registry	Registry	Vehicle logbook summary
11 September 2026	Supply	Programme	Photographs from distribution (consent forms attached)
13 September 2026	Registry	Finance	Communication plan draft
22 September 2026	Programme	Finance	Comments on draft budget
24 September 2026	Finance	Supply	Reminder: quarterly report due
