# Sub-recipient continuation file

**Continuation of Sunkoshi Health Collective as SR for TB active case finding, 2026-2027**

| | |
|---|---|
| Grant | NPL-T-SPHC (tuberculosis), synthetic reference |
| Principal Recipient | Sagarmatha Public Health Consortium (SPHC) |
| Sub-recipient | Sunkoshi Health Collective (SHC) |
| File reference | SC-2026-02 |
| Type of action | Continuation and expanded scope (amendment No. 3) |
| New key personnel screened | Dawit Qureshal, incoming SR Programme Director |
| Prepared by | Samuel Estrevin, SR Oversight Lead |

## INTERNAL MEMORANDUM

| | |
|---|---|
| To | Management Committee, SPHC |
| From | Samuel Estrevin, SR Oversight Lead |
| Date | 18 February 2026 |
| Subject | Continuation of SHC and expansion to four additional municipalities |

SHC has implemented active TB case finding in six municipalities of Koshi Province since 2023. The PR proposes to continue the arrangement for the remaining grant period and to extend it to four additional municipalities, as agreed in the reprogramming approved by the Country Team.

This file records the basis for continuation, the latest performance review, the capacity position, and the restrictive measures screening of the incoming SR Programme Director.

The SR capacity assessment was last performed in 2023, when the overall rating was high risk.

# 1. Background

Active case finding is delivered through mobile chest X-ray camps, household contact screening and referral of presumptive cases to GeneXpert sites. SHC operates two mobile units and employs 46 community mobilisers. The expansion adds four municipalities with an estimated 38,000 additional household contacts to screen.

| Municipality (synthetic) | Status | Camps per year | Contacts to screen |
|---|---|---|---|
| Tamorbesi | Existing | 12 | 9,400 |
| Arunkhola | Existing | 10 | 7,800 |
| Dudhbesi | Existing | 12 | 8,100 |
| Likhughat | Existing | 8 | 6,300 |
| Bhotekoshi-Tar | Existing | 8 | 5,900 |
| Sunpur | Existing | 10 | 7,200 |
| Chatarghat | New | 10 | 10,500 |
| Indrabesi | New | 8 | 9,100 |
| Rautahat-Khola | New | 8 | 8,800 |
| Maipokhari | New | 8 | 9,600 |

Price and quality reporting for health products is completed within the required time after each purchase. Reference prices are compared with the pooled procurement mechanism benchmarks where available.

Programmatic results are reported through the progress update and disbursement request. Indicator values are drawn from the national health information system where possible. Data quality checks are performed before submission.

Pharmaceutical and health product quality assurance follows the applicable quality assurance policy. Certificates of analysis and batch release documents are retained with the receipt documentation for each consignment.

Taxes and duties are not charged to the grant. Where tax exemption cannot be obtained at source, the amounts are recorded and reported so that they can be recovered or treated as the grant confirmation provides.

# 2. Basis for continuation

Continuation of an existing sub-recipient whose original selection was competitive is an established exemption under section 6.4 of the SPHC grant management manual, and the PR relies on that exemption here.

SHC was originally selected through the 2023 competitive call SPHC/SR/2023/04, and the Management Committee decided on 22 January 2026 to continue the arrangement.

The continuation approval memorandum CM/2026/07 and the 2025 performance review are attached at Annex A.

No new call for proposals was issued for the continuation or for the four additional municipalities.

The rationale for continuation is SHC performance in 2025: 91 percent of the case-finding target reached, all quarterly reports on time, and no material findings in two financial spot checks.

## 2.1 Performance review summary

| Indicator | Baseline | Target | Means of verification |
|---|---|---|---|
| Presumptive TB cases referred | 612 | 2448 | Referral registers |
| Proportion of referred cases tested on GeneXpert (%) | 21% | 39% | Lab registers |
| Bacteriologically confirmed cases notified | 814 | 2109 | NTP e-TB register |
| Proportion of contacts screened (%) | 38% | 49% | Contact cards |
| Proportion of reports submitted on time (%) | 14% | 35% | PR tracker |

The performance review concludes that SHC is not able to deliver the expanded scope in the four additional municipalities with its current staffing, and that a third mobile unit and 20 more mobilisers would be needed first.

Personal data collected in the course of this engagement is processed only for the purposes stated in the agreement. Beneficiary-level data is not transferred to the file; aggregated figures are used for reporting. Any data-sharing arrangement with a third party requires a separate written protocol.

This file has been compiled for internal review. Page references in the index refer to the consolidated PDF. Where a document appears in more than one version, the latest signed version is filed and earlier versions are listed in the correspondence log.

All documents in this file are maintained in accordance with the records retention schedule applicable to the country office. Originals of signed instruments are kept in the registry; scanned copies are uploaded to the shared drive within five working days of signature. Superseded drafts are retained only where they record a decision.

## 3. Capacity position

The 2023 assessment covered governance, finance, procurement, M&E and programme management. It rated SHC high risk mainly because of weak segregation of duties in finance and an outdated procurement manual.

Since then SHC has recruited a second finance officer, adopted a new procurement manual and introduced monthly bank reconciliations reviewed by its treasurer.

Price and quality reporting for health products is completed within the required time after each purchase. Reference prices are compared with the pooled procurement mechanism benchmarks where available.

Human rights and gender considerations are integrated into programme design in line with the grant catalytic priorities. Community-led monitoring findings are discussed with the programme team each quarter.

Gender and inclusion considerations have been reflected in the design of activities. Sex- and age-disaggregated data is collected for all output indicators. Consultations with community representatives include separate sessions for women and adolescent girls.

## 4. Conflict of interest

All members of the Management Committee who took part in the continuation decision signed the annual conflict-of-interest disclosure for 2026, and one member abstained because she sits on the SHC board.

## 5. Restrictive measures screening of key personnel

Key personnel of sub-recipients are screened when they join and again in each grant cycle. This section covers the incoming SR Programme Director, who will be the SR signatory for programme reports.

| | |
|---|---|
| Subject | Dawit Qureshal, incoming SR Programme Director of SHC |
| Subject category | Individual |
| Role | Key personnel of the sub-recipient |
| Screen date | Screen completed on 9 February 2026 |

This screen forms part of the annual grant-cycle re-run of restrictive measures screening for SR key personnel, and it is also the first screen of this individual.

The screen covered United Nations sanctions, OFAC, the US State Department, Switzerland, and debarment and ineligibility lists.

Outcome of the screen: clear, with no name matches on any list.

No affiliated persons were recorded for this individual screen.

A disposition decision is not applicable because no match was found.

Evidence of every restrictive measures screen must be retained on the file and referenced by its screening record number, in line with the PR compliance procedure.

## 6. Budget for the continuation period

| Code | Budget line | Unit | Qty | Unit cost | Total (US$) |
|---|---|---|---|---|---|
| 1.01 | Mobile X-ray camp operations | camp | 73 | 2,726 | 198,998 |
| 1.02 | Community mobiliser stipends | person-month | 989 | 157 | 155,273 |
| 1.03 | Sample transport | month | 18 | 1,139 | 20,502 |
| 1.04 | GeneXpert cartridge courier | month | 18 | 441 | 7,938 |
| 1.05 | Supervision and review | visit | 69 | 222 | 15,318 |
| 1.06 | Programme staff | month | 18 | 5,778 | 104,004 |
| 2.01 | Office and utilities | month | 18 | 939 | 16,902 |
|  | Subtotal, lines shown |  |  |  | 518,935 |

Summary of the main cost lines only. Support costs, contingency and lines below the reporting threshold are carried in the detailed costing and are not shown here.

The amended SR budget ceiling will be confirmed after the PR budget review in March and is not stated in this file; the table above is an indicative costing only.

## 7. Agreement status

The original SR agreement SPHC/SR/2023/04, signed on 14 June 2023, and its amendments No. 1 and No. 2 are on file at Annex C.

Draft amendment No. 3, which extends the scope and the end date, will be signed once the budget ceiling is confirmed.

## Annex A — Continuation approval memorandum CM/2026/07

The Management Committee met on 22 January 2026 with five of seven members present. It reviewed the 2025 performance review of SHC and agreed to continue the arrangement for the remaining grant period, subject to confirmation of the budget ceiling.

The file follows the country office naming convention for electronic records: reference number, document type, version and date. Version numbers are incremented on every substantive change. Minor corrections of spelling or formatting do not create a new version.

Complaints and feedback from affected communities are received through a hotline, suggestion boxes and community focal points. The partner reports monthly on the number and category of complaints and on the time taken to respond. Sensitive complaints are referred through a confidential channel.

The parties shall cooperate in any audit, review or evaluation of the programme. Auditors shall have access to books, records and personnel, subject to reasonable notice. Findings will be shared with the partner for comment before a report is finalised.

Transport and storage arrangements take account of the rainy season. Pre-positioning of goods in district stores is completed before the end of the dry season where possible. Temperature logs are kept for items that require controlled storage.

## Annex B — Capacity reassessment (summary)

| Area | 2023 rating | 2026 rating | Comment |
|---|---|---|---|
| Governance | Medium | Low | Board meets quarterly |
| Finance | High | Medium | Second finance officer |
| Procurement | High | Medium | Manual adopted 2024 |
| M&E | Medium | Medium | DHIS2 reporting |
| Programme | Low | Low | Stable team |

The reassessment dated 14 January 2026 supersedes the 2023 rating, and the current overall rating of SHC is moderate.

Meetings of the programme steering group take place quarterly. Minutes are circulated within ten working days and action points are tracked in the programme dashboard. Extraordinary meetings may be convened by either party.

Visibility and communication materials shall carry the logos agreed in the communication plan. Draft materials are shared with the communications focal point at least ten working days before printing. The partner shall not use the logo in any fundraising material without prior written consent.

## Annex C — SR agreement SPHC/SR/2023/04 (general conditions extract)

**Article 1 — Purpose.** This Agreement may be terminated by either Party on thirty days written notice. On termination, unspent funds shall be returned and assets transferred as agreed in writing.

**Article 2 — Focal points.** Each Party shall designate a focal point responsible for communication under this Agreement. Changes of focal point shall be notified in writing within ten working days.

**Article 3 — Notices.** The Recipient shall keep accurate and systematic accounts and records in respect of the activities for at least seven years after the end of the Agreement.

**Article 4 — Force majeure.** Notices under this Agreement shall be in writing and delivered by hand, courier or electronic mail to the addresses stated in the particulars. A notice is effective on receipt.

**Article 5 — Termination.** Neither Party shall be liable for failure to perform its obligations where such failure results from force majeure, provided that the affected Party notifies the other promptly and takes reasonable steps to mitigate.

**Article 6 — Settlement of disputes.** Nothing in this Agreement shall be construed as a waiver, express or implied, of any of the privileges and immunities of the United Nations or its subsidiary organs, where applicable.

**Article 7 — Records.** Intellectual property in reports and materials produced under this Agreement shall vest as set out in the particulars. Each Party may use such materials for non-commercial purposes with appropriate attribution.

**Article 8 — Intellectual property.** The Recipient shall not assign or transfer any of its rights or obligations under this Agreement without the prior written consent of the other Party.

**Article 9 — Reporting.** The Recipient shall submit quarterly financial reports within thirty days of the end of each quarter and a final report within sixty days of completion.

**Article 10 — Assignment.** The Recipient shall ensure that its personnel comply with applicable national law and with the standards of conduct set out in the particulars.

**Article 11 — Privileges.** The Parties agree that the activities shall be carried out in accordance with the approved implementation plan and budget attached to this Agreement, which form an integral part of it.

# Annex D — Workplan for the continuation period

| # | Activity | Q1 | Q2 | Q3 | Q4 | Responsible |
|---|---|---|---|---|---|---|
| 1 | Mobile X-ray camps in existing municipalities | x | x | x | | M&E officer |
| 2 | Mobile X-ray camps in new municipalities | | | | x | Programme lead |
| 3 | Household contact screening | x | x | x | | Supply officer |
| 4 | Sample transport to GeneXpert sites | x | | | x | Supply officer |
| 5 | Linkage to treatment follow-up | x | | x | x | Field coordinator |
| 6 | Mobiliser refresher training | x | x | x | x | Field coordinator |
| 7 | Quarterly review with municipalities | | x | x | x | Supply officer |
| 8 | Data quality audits | x | x | | | Finance officer |
| 9 | Community radio messages | x | | x | | Programme lead |
| 10 | Annual performance review | x | | x | x | Supply officer |

| Risk | Rating | Mitigation |
|---|---|---|
| Fuel shortages affecting field monitoring | Low | Fuel reserve; consolidated trips |
| Price increases for locally sourced items | Medium | Market survey before each order |
| Delays in customs clearance of imported goods | Medium | Early exemption requests; clearing agent |
| Currency depreciation reduces purchasing power of local costs | Medium | Quarterly budget review; contingency line |
| Late submission of quarterly reports | Low | Reporting calendar; reminders two weeks before due date |
| Heat damage to stored goods | Medium | Ventilated stores; temperature logs |
| Community tensions around targeting | Medium | Transparent criteria; community committees |
| Data loss from field devices | Low | Encrypted devices; weekly synchronisation |

# Annex E — Grant management manual extract

**1. Communication and visibility**

1.1 Transport and storage arrangements take account of the rainy season. Pre-positioning of goods in district stores is completed before the end of the dry season where possible. Temperature logs are kept for items that require controlled storage.

1.2 The parties shall cooperate in any audit, review or evaluation of the programme. Auditors shall have access to books, records and personnel, subject to reasonable notice. Findings will be shared with the partner for comment before a report is finalised.

**2. Amendments**

2.1 Co-financing commitments of the government are tracked in the co-financing matrix. The matrix is updated annually and shared with the Country Team as part of the annual funding decision process.

2.2 Health products financed under the grant are quantified through the national forecasting exercise. Quantification assumptions, including consumption and stock-on-hand data, are documented in the supply plan. The supply plan is updated at least twice a year.

**3. Financial reporting**

3.1 Programmatic results are reported through the progress update and disbursement request. Indicator values are drawn from the national health information system where possible. Data quality checks are performed before submission.

3.2 Human rights and gender considerations are integrated into programme design in line with the grant catalytic priorities. Community-led monitoring findings are discussed with the programme team each quarter.

**4. Security management**

4.1 Price and quality reporting for health products is completed within the required time after each purchase. Reference prices are compared with the pooled procurement mechanism benchmarks where available.

4.2 Human rights and gender considerations are integrated into programme design in line with the grant catalytic priorities. Community-led monitoring findings are discussed with the programme team each quarter.

**5. Complaints and feedback**

5.1 Health products financed under the grant are quantified through the national forecasting exercise. Quantification assumptions, including consumption and stock-on-hand data, are documented in the supply plan. The supply plan is updated at least twice a year.

5.2 Pharmaceutical and health product quality assurance follows the applicable quality assurance policy. Certificates of analysis and batch release documents are retained with the receipt documentation for each consignment.

**6. Audit and review**

6.1 Personal data collected in the course of this engagement is processed only for the purposes stated in the agreement. Beneficiary-level data is not transferred to the file; aggregated figures are used for reporting. Any data-sharing arrangement with a third party requires a separate written protocol.

6.2 Pharmaceutical and health product quality assurance follows the applicable quality assurance policy. Certificates of analysis and batch release documents are retained with the receipt documentation for each consignment.

**7. Travel and allowances**

7.1 Security risk management follows the measures approved for the area of operations. Field movements are notified to the security focal point in advance. Activities in locations above the agreed security level are suspended until clearance is renewed.

7.2 Co-financing commitments of the government are tracked in the co-financing matrix. The matrix is updated annually and shared with the Country Team as part of the annual funding decision process.

**8. Scope and definitions**

8.1 Complaints and feedback from affected communities are received through a hotline, suggestion boxes and community focal points. The partner reports monthly on the number and category of complaints and on the time taken to respond. Sensitive complaints are referred through a confidential channel.

8.2 Health products financed under the grant are quantified through the national forecasting exercise. Quantification assumptions, including consumption and stock-on-hand data, are documented in the supply plan. The supply plan is updated at least twice a year.

**9. Record keeping**

9.1 Co-financing commitments of the government are tracked in the co-financing matrix. The matrix is updated annually and shared with the Country Team as part of the annual funding decision process.

9.2 The grant is implemented under the Grant Regulations and the grant confirmation signed with the Global Fund. Terms defined in the grant confirmation have the same meaning in this file. In case of inconsistency, the grant confirmation prevails over internal guidance notes.

**10. Roles and responsibilities**

10.1 The partner shall maintain a fixed asset register for equipment purchased with programme funds. Items above the capitalisation threshold are tagged and verified annually. Disposal or transfer of assets at the end of the programme requires written agreement.

10.2 Pharmaceutical and health product quality assurance follows the applicable quality assurance policy. Certificates of analysis and batch release documents are retained with the receipt documentation for each consignment.

**11. Programme monitoring**

11.1 The Principal Recipient maintains a grant management manual approved by its board. The manual covers finance, procurement, sub-recipient management, monitoring and evaluation, and risk management. Revisions are shared with the Country Team for information.

11.2 The partner shall maintain a fixed asset register for equipment purchased with programme funds. Items above the capitalisation threshold are tagged and verified annually. Disposal or transfer of assets at the end of the programme requires written agreement.

**12. Environmental safeguards**

12.1 Taxes and duties are not charged to the grant. Where tax exemption cannot be obtained at source, the amounts are recorded and reported so that they can be recovered or treated as the grant confirmation provides.

12.2 Any amendment to the agreement shall be made in writing and signed by the authorised representatives of both parties. Budget reallocations within a category of up to ten percent may be agreed by exchange of letters; larger changes require a formal amendment.

## Annex F — Minutes of the Management Committee (22 January 2026)

Meeting held on 22 January 2026. Present: Lerato Belmonte-Ari, Victor Kamarevu, Rosa Oyelakin-Ross, Rosa Mahlanza, Tariq Ndiayeko.

Item 1. The M&E officer presented data quality findings from the last spot verification; corrective actions were agreed.

Item 2. Any other business: the date of the next meeting was set for the last week of the quarter.

Item 3. The minutes of the previous meeting were adopted without amendment.

Item 4. The meeting reviewed the risk register and agreed to raise the rating for currency risk.

Item 5. The supply officer reported stock levels at the central and district stores; no stock-outs were reported.

Item 6. The communication plan for the next quarter was endorsed.

## Annex H.2 — Coordination meeting minutes

Meeting held on 19 January 2026. Present: Priya Duvaliere, Nadia Qureshal, Agnes Morabeth, Dawit Mbuyamba, Mireille Mwakideu, Zainab Varghese-Oku.

Item 1. The finance officer presented the expenditure report for the quarter; the burn rate is in line with the plan.

Item 2. The communication plan for the next quarter was endorsed.

Item 3. The supply officer reported stock levels at the central and district stores; no stock-outs were reported.

Item 4. The meeting reviewed the risk register and agreed to raise the rating for currency risk.

Item 5. The minutes of the previous meeting were adopted without amendment.

Item 6. The programme team reported on field activities and noted delays in two locations caused by road conditions.

Item 7. The M&E officer presented data quality findings from the last spot verification; corrective actions were agreed.

| Risk | Rating | Mitigation |
|---|---|---|
| Currency depreciation reduces purchasing power of local costs | Medium | Quarterly budget review; contingency line |
| Late submission of quarterly reports | Low | Reporting calendar; reminders two weeks before due date |
| Price increases for locally sourced items | Medium | Market survey before each order |
| Staff turnover in partner finance unit | Medium | Handover checklist; refresher training |
| Community tensions around targeting | Medium | Transparent criteria; community committees |
| Delays in customs clearance of imported goods | Medium | Early exemption requests; clearing agent |
| Stock-outs at district level due to late reporting | Medium | Monthly stock reporting reminders |
| Insecurity along main supply route | High | Security clearance; alternative routing |

## Annex H.3 — Asset register

## Annex H.6 — Monthly activity report, March 2026

Reporting month: March 2026. This report summarises activities, outputs and issues for the month and is submitted with the monthly data set.

The parties shall cooperate in any audit, review or evaluation of the programme. Auditors shall have access to books, records and personnel, subject to reasonable notice. Findings will be shared with the partner for comment before a report is finalised.

Price and quality reporting for health products is completed within the required time after each purchase. Reference prices are compared with the pooled procurement mechanism benchmarks where available.

Visibility and communication materials shall carry the logos agreed in the communication plan. Draft materials are shared with the communications focal point at least ten working days before printing. The partner shall not use the logo in any fundraising material without prior written consent.

| Output | Planned | Achieved | Comment |
|---|---|---|---|
| Sessions held | 238 | 249 | Slight delay |
| People reached | 97 | 105 | Road access issues |
| Supervision visits | 119 | 105 | Above target |
| Reports received on time | 20 | 18 | Road access issues |
| Stock reports submitted | 288 | 292 | Above target |

# Annex H.7 — Bank reconciliation summaries, second half of 2025

| Month | Opening balance | Receipts | Payments | Closing balance | Reconciled by |
|---|---|---|---|---|---|
| July 2025 | 61,164 | 79,196 | 47,474 | 92,886 | Accountant |
| August 2025 | 92,886 | 110,470 | 32,901 | 170,455 | Finance Officer |
| September 2025 | 170,455 | 68,279 | 83,061 | 155,673 | Accountant |
| October 2025 | 155,673 | 4,324 | 54,409 | 105,588 | Finance Officer |
| November 2025 | 105,588 | 1,407 | 59,741 | 47,254 | Accountant |
| December 2025 | 47,254 | 88,886 | 54,226 | 81,914 | Accountant |

# Annex H.8 — General provisions (manual extract)

**1. Programme monitoring**

1.1 The file follows the country office naming convention for electronic records: reference number, document type, version and date. Version numbers are incremented on every substantive change. Minor corrections of spelling or formatting do not create a new version.

1.2 Human rights and gender considerations are integrated into programme design in line with the grant catalytic priorities. Community-led monitoring findings are discussed with the programme team each quarter.

**2. Data protection**

2.1 Visibility and communication materials shall carry the logos agreed in the communication plan. Draft materials are shared with the communications focal point at least ten working days before printing. The partner shall not use the logo in any fundraising material without prior written consent.

2.2 Meetings of the programme steering group take place quarterly. Minutes are circulated within ten working days and action points are tracked in the programme dashboard. Extraordinary meetings may be convened by either party.

**3. Record keeping**

3.1 Security risk management follows the measures approved for the area of operations. Field movements are notified to the security focal point in advance. Activities in locations above the agreed security level are suspended until clearance is renewed.

3.2 All documents in this file are maintained in accordance with the records retention schedule applicable to the country office. Originals of signed instruments are kept in the registry; scanned copies are uploaded to the shared drive within five working days of signature. Superseded drafts are retained only where they record a decision.

**4. Closure of agreements**

4.1 Lessons from the previous cycle were considered in preparing this file, in particular the need for earlier engagement with district authorities and for clearer delivery schedules. These lessons are reflected in the timeline in the implementation plan.

4.2 The partner shall maintain a fixed asset register for equipment purchased with programme funds. Items above the capitalisation threshold are tagged and verified annually. Disposal or transfer of assets at the end of the programme requires written agreement.

**5. Environmental safeguards**

5.1 The grant is implemented under the Grant Regulations and the grant confirmation signed with the Global Fund. Terms defined in the grant confirmation have the same meaning in this file. In case of inconsistency, the grant confirmation prevails over internal guidance notes.

5.2 Health products financed under the grant are quantified through the national forecasting exercise. Quantification assumptions, including consumption and stock-on-hand data, are documented in the supply plan. The supply plan is updated at least twice a year.

**6. Communication and visibility**

6.1 Cash management follows the principle of minimum balances. Funds are held in a dedicated account and interest earned is reported. Transfers are requested on the basis of a cash forecast for the following quarter.

6.2 Programmatic results are reported through the progress update and disbursement request. Indicator values are drawn from the national health information system where possible. Data quality checks are performed before submission.

**7. Complaints and feedback**

7.1 The implementation timeline assumes timely customs clearance. Where duty exemption is available, the relevant certificates are requested at the time of order. Delays attributable to clearance are reported in the next progress report.

7.2 Any amendment to the agreement shall be made in writing and signed by the authorised representatives of both parties. Budget reallocations within a category of up to ten percent may be agreed by exchange of letters; larger changes require a formal amendment.

## Annex H.10 — Coordination meeting minutes

Meeting held on 16 September 2026. Present: Priya Kalunduwa, Esther Kamarevu, Amina Belmonte-Ari, Ines Balogandi, Obinna Sithembele, Mireille Mbuyamba.

Item 1. The minutes of the previous meeting were adopted without amendment.

Item 2. The programme team reported on field activities and noted delays in two locations caused by road conditions.

Item 3. Any other business: the date of the next meeting was set for the last week of the quarter.

Item 4. The finance officer presented the expenditure report for the quarter; the burn rate is in line with the plan.

Item 5. The meeting reviewed the risk register and agreed to raise the rating for currency risk.

Item 6. The communication plan for the next quarter was endorsed.

Item 7. The M&E officer presented data quality findings from the last spot verification; corrective actions were agreed.

| Risk | Rating | Mitigation |
|---|---|---|
| Currency depreciation reduces purchasing power of local costs | Medium | Quarterly budget review; contingency line |
| Data loss from field devices | Low | Encrypted devices; weekly synchronisation |
| Community tensions around targeting | Medium | Transparent criteria; community committees |
| Road access to northern districts cut during rains | High | Pre-positioning before rainy season |
| Price increases for locally sourced items | Medium | Market survey before each order |
| Staff turnover in partner finance unit | Medium | Handover checklist; refresher training |
| Insecurity along main supply route | High | Security clearance; alternative routing |
| Delays in customs clearance of imported goods | Medium | Early exemption requests; clearing agent |

| Priya Haddouri | Project Manager | Field base | 17 March 2023 | 100% |

## Annex H.14 — Monthly activity report, November 2025

Reporting month: November 2025. This report summarises activities, outputs and issues for the month and is submitted with the monthly data set.

This file has been compiled for internal review. Page references in the index refer to the consolidated PDF. Where a document appears in more than one version, the latest signed version is filed and earlier versions are listed in the correspondence log.

Health products financed under the grant are quantified through the national forecasting exercise. Quantification assumptions, including consumption and stock-on-hand data, are documented in the supply plan. The supply plan is updated at least twice a year.

Visibility and communication materials shall carry the logos agreed in the communication plan. Draft materials are shared with the communications focal point at least ten working days before printing. The partner shall not use the logo in any fundraising material without prior written consent.

| Output | Planned | Achieved | Comment |
|---|---|---|---|
| Sessions held | 195 | 161 | Above target |
| People reached | 184 | 194 | Slight delay |
| Supervision visits | 126 | 95 | On track |
| Reports received on time | 266 | 291 | Above target |
| Stock reports submitted | 71 | 64 | Slight delay |

# Annex H.15 — Bank reconciliation summaries, second half of 2025

| Month | Opening balance | Receipts | Payments | Closing balance | Reconciled by |
|---|---|---|---|---|---|
| July 2025 | 82,711 | 75,016 | 64,661 | 93,066 | Accountant |
| August 2025 | 93,066 | 107,339 | 22,059 | 178,346 | Accountant |
| September 2025 | 178,346 | 97,550 | 60,632 | 215,264 | Accountant |
| October 2025 | 215,264 | 504 | 23,900 | 191,868 | Accountant |
| November 2025 | 191,868 | 61,597 | 61,664 | 191,801 | Accountant |
| December 2025 | 191,801 | 64,404 | 37,824 | 218,381 | Finance Officer |

# Annex I — Correspondence log and abbreviations

| Date | From | To | Subject |
|---|---|---|---|
| 17 January 2026 | Finance | Supply | Scan of signed documents for registry |
| 19 January 2026 | Partner | Finance | Training attendance sheets |
