Project file AFG-26/AHF/SA2/SNFI-PRO/INGO/0588

Consortium project: winterisation assistance and protection services in three north-eastern districts

Allocation	2026 Second Standard Allocation (SA2)
Lead partner	Pamir Valley Rural Aid (PVRA), international NGO
Consortium member	Kokcha Women's Association (KWA), national NGO
Clusters	Shelter/NFI and Protection
Amount	US$ 1,480,000
Duration	9 months
OneGMS status (at file opening)	Draft

INTERNAL MEMORANDUM

To	Humanitarian Coordinator
From	Farah Morabeth, Head of HFU
Date	20 May 2026
Subject	Recommendation of consortium project 0588 (PVRA/KWA)

This file records the review and recommendation of the PVRA-led consortium project under the second standard allocation. The project ranked fifth in the shelter and protection window but is recommended for funding for the reasons set out in section 4.

At file opening the project status in OneGMS was Draft.

1. Allocation framework

Project 0588 was submitted under the second standard allocation of 2026, which opened on 6 April 2026.

Each allocation of the fund must be based on an allocation strategy approved by the Humanitarian Coordinator, setting out priorities, envelopes and eligibility, and the strategy must be kept on the allocation file.

Localisation is a guiding principle of the fund. National and local partners are encouraged to apply directly, and international partners are expected to show how they strengthen the capacities of local organisations they work with.

Cluster coordinators support the strategic and technical review of project proposals. Technical feedback is shared with partners through the grant management system and must be addressed before the project can progress.

Accountability to affected people is a requirement for all funded projects. Partners describe the feedback mechanism used, the languages used for information sharing and how feedback leads to project adjustments.

The Country-Based Pooled Fund is managed by the Humanitarian Financing Unit on behalf of the Humanitarian Coordinator. Allocations support the priorities of the humanitarian response plan and are coordinated with the clusters. The Advisory Board provides strategic guidance on fund use.

2. Partner eligibility

PVRA is an eligible partner of the fund, having passed due diligence in 2023, and KWA passed due diligence on 19 January 2026.

The Annex 7 form signed by PVRA covers accurate information, compliance, conflict of interest, designated entity and legal process, but the disability and PSEA declarations were left unsigned.

3. Review, scoring and recommendation

Rank	Project	Lead partner	Score
1	SA2/0560	North Relief Coalition	81
2	SA2/0567	Hindukush Shelter Alliance	77
3	SA2/0574	Badakh Community Care	72
4	SA2/0581	Takhar Rural Support	69
5	SA2/0588	Pamir Valley Rural Aid	64
6	SA2/0595	Kunduz Family Aid	61
7	SA2/0602	Baghlan Winter Response	58
8	SA2/0609	Faizabad Youth Org	55
9	SA2/0616	Amu Protection Network	50

Project 0588 received a scorecard total of 64 out of 100, ranking fifth of the nine proposals in the window.

The review committee meeting of 14 May 2026 recommended project 0588 for funding at US$ 1,480,000.

The committee recommended project 0588 although two higher-scoring proposals in the same window were not recommended.

Disposition note: project 0588 was preferred because it is the only proposal covering Warduj-Tar and Yamgan-Bala districts, which the two higher-ranked proposals do not reach.

The selection record, including the scorecards and the disposition note, was uploaded to OneGMS on 16 May 2026 before the recommendation was sent to the HC.

The file follows the country office naming convention for electronic records: reference number, document type, version and date. Version numbers are incremented on every substantive change. Minor corrections of spelling or formatting do not create a new version.

Staff costs charged to the programme are supported by timesheets approved by the line manager. Shared costs are apportioned on a documented basis that is applied consistently across donors. Changes to the apportionment basis are notified in writing.

All documents in this file are maintained in accordance with the records retention schedule applicable to the country office. Originals of signed instruments are kept in the registry; scanned copies are uploaded to the shared drive within five working days of signature. Superseded drafts are retained only where they record a decision.

4. Consortium arrangements

Under the consortium agreement, PVRA transfers funds to KWA quarterly on the basis of verified financial reports, carries out a spot check of KWA each quarter, and reconciles the sub-grant account jointly with KWA.

Code	Budget line	Unit	Qty	Unit cost	Total (US$)
1.01	Winter cash grants	household	3200	215	688,000
1.02	Blankets and winter clothing	kit	2400	50	120,000
1.03	Heating fuel	household	2000	79	158,000
1.04	Protection case management	case	900	147	132,300
1.05	Women protection workers (KWA)	person-month	108	269	29,052
1.06	Legal aid sessions	session	90	206	18,540
2.01	Project staff (PVRA)	month	9	11,088	99,792
2.02	Sub-grant management (KWA)	month	9	3,122	28,098
	Subtotal, lines shown				1,273,782

Summary of the main cost lines only. Support costs, contingency and lines below the reporting threshold are carried in the detailed costing and are not shown here.

5. Accountability and misconduct

The Annex 8 measures for non-compliance are not referenced anywhere in the agreement file.

No channel for notifying OIOS is specified in the consortium or grant documents.

PVRA was checked against the OCHA Secretariat partner sanctions list on 3 May 2026 and is not listed.

6. Designated-entity screening

The designated-entity screening covers both consortium members, PVRA as lead and KWA as member.

Scope of the check: designated-entity, per the Annex 7 declaration.

One potential match was found for the name of a KWA board member.

Decision: continue with the selection process, since the board member was shown to be a different person by national identity card and father's name.

The designated-entity screening record is not attached to the file.

Annex A — OneGMS status history

Date	Status	Actor
12 April 2026	Draft	Partner
28 April 2026	Submitted	Partner
5 May 2026	Strategic review	HFU
14 May 2026	Recommended by review committee	HFU

As of 19 May 2026 the OneGMS status of project 0588 is Pending HC approval.

Annex B — Consortium agreement (extract)

Article 1 — Purpose. Any dispute arising under this Agreement shall be settled amicably by negotiation. Failing settlement within sixty days, the dispute shall be referred to arbitration under the rules agreed by the Parties.

Article 2 — Focal points. Neither Party shall be liable for failure to perform its obligations where such failure results from force majeure, provided that the affected Party notifies the other promptly and takes reasonable steps to mitigate.

Article 3 — Notices. The Recipient shall submit quarterly financial reports within thirty days of the end of each quarter and a final report within sixty days of completion.

Article 4 — Force majeure. Notices under this Agreement shall be in writing and delivered by hand, courier or electronic mail to the addresses stated in the particulars. A notice is effective on receipt.

Article 5 — Termination. The Recipient shall keep accurate and systematic accounts and records in respect of the activities for at least seven years after the end of the Agreement.

Article 6 — Settlement of disputes. This Agreement may be terminated by either Party on thirty days written notice. On termination, unspent funds shall be returned and assets transferred as agreed in writing.

Article 7 — Records. The Parties agree that the activities shall be carried out in accordance with the approved implementation plan and budget attached to this Agreement, which form an integral part of it.

Article 8 — Reporting. The Recipient shall ensure that its personnel comply with applicable national law and with the standards of conduct set out in the particulars.

Article 9 — Assignment. Nothing in this Agreement shall be construed as a waiver, express or implied, of any of the privileges and immunities of the United Nations or its subsidiary organs, where applicable.

Name	Title / role	Signature	Date
Dawit Qureshal	Country Director, PVRA	_____	30 April 2026
Leila Oyelakin-Ross	Director, KWA	_____	30 April 2026

Annex C — Beneficiary targeting by district

District (synthetic)	Households	Cash	NFI kits	Protection cases
Warduj-Tar	1336	487	245	295
Yamgan-Bala	1153	986	352	126
Kishm-Payin	992	811	483	284
Argo-Sufla	592	478	202	209
Darayim-Khurd	465	502	725	249

1. Complaints and feedback

1.1 Narrative reports are submitted through the grant management system at the frequency set by the partner risk level. Final narrative and financial reports are due within two months of project end.

1.2 Financial and narrative reports shall be submitted in English. Where supporting documents are in a national language, a short summary in English is attached. Currency conversions use the UN operational rate of exchange in force on the date of the transaction.

2. Closure of agreements

2.1 The file follows the country office naming convention for electronic records: reference number, document type, version and date. Version numbers are incremented on every substantive change. Minor corrections of spelling or formatting do not create a new version.

2.2 The partner shall maintain a fixed asset register for equipment purchased with programme funds. Items above the capitalisation threshold are tagged and verified annually. Disposal or transfer of assets at the end of the programme requires written agreement.

3. Financial reporting

3.1 Gender and inclusion considerations have been reflected in the design of activities. Sex- and age-disaggregated data is collected for all output indicators. Consultations with community representatives include separate sessions for women and adolescent girls.

3.2 Cash management follows the principle of minimum balances. Funds are held in a dedicated account and interest earned is reported. Transfers are requested on the basis of a cash forecast for the following quarter.

4. Travel and allowances

4.1 Accountability to affected people is a requirement for all funded projects. Partners describe the feedback mechanism used, the languages used for information sharing and how feedback leads to project adjustments.

4.2 The allocation timeline is published at launch. Partners are informed of each stage through the grant management system, and the Humanitarian Financing Unit holds an information session for applicants during the first week.

5. Roles and responsibilities

5.1 Gender and inclusion considerations have been reflected in the design of activities. Sex- and age-disaggregated data is collected for all output indicators. Consultations with community representatives include separate sessions for women and adolescent girls.

5.2 Meetings of the programme steering group take place quarterly. Minutes are circulated within ten working days and action points are tracked in the programme dashboard. Extraordinary meetings may be convened by either party.

6. Asset management

6.1 Transport and storage arrangements take account of the rainy season. Pre-positioning of goods in district stores is completed before the end of the dry season where possible. Temperature logs are kept for items that require controlled storage.

6.2 Protection mainstreaming is applied across sectors. Projects assess the risk that assistance may cause harm and describe measures to reduce it, including safe distribution arrangements and referral pathways.

7. Amendments

7.1 Localisation is a guiding principle of the fund. National and local partners are encouraged to apply directly, and international partners are expected to show how they strengthen the capacities of local organisations they work with.

7.2 The partner shall maintain a fixed asset register for equipment purchased with programme funds. Items above the capitalisation threshold are tagged and verified annually. Disposal or transfer of assets at the end of the programme requires written agreement.

8. Record keeping

8.1 The implementation timeline assumes timely customs clearance. Where duty exemption is available, the relevant certificates are requested at the time of order. Delays attributable to clearance are reported in the next progress report.

8.2 Gender and inclusion considerations have been reflected in the design of activities. Sex- and age-disaggregated data is collected for all output indicators. Consultations with community representatives include separate sessions for women and adolescent girls.

9. Audit and review

9.1 The implementation timeline assumes timely customs clearance. Where duty exemption is available, the relevant certificates are requested at the time of order. Delays attributable to clearance are reported in the next progress report.

9.2 Environmental considerations are addressed in the implementation plan. Packaging waste from distributions is collected and disposed of through licensed operators where available. Vehicle use is logged and consolidated trips are encouraged to reduce fuel consumption.

10. Security management

10.1 Lessons from the previous cycle were considered in preparing this file, in particular the need for earlier engagement with district authorities and for clearer delivery schedules. These lessons are reflected in the timeline in the implementation plan.

10.2 Access constraints are monitored by the access working group. Projects in hard-to-reach areas describe contingency arrangements, including remote management and the use of local implementing staff.

Annex C.1 — Bank reconciliation summaries, second half of 2025

Month	Opening balance	Receipts	Payments	Closing balance	Reconciled by
July 2025	68,275	30,494	16,675	82,094	Accountant
August 2025	82,094	34,750	79,148	37,696	Finance Officer
September 2025	37,696	77,177	33,727	81,146	Finance Officer
October 2025	81,146	48,045	69,854	59,337	Accountant
November 2025	59,337	1,131	20,775	39,693	Accountant
December 2025	39,693	112,497	63,416	88,774	Finance Officer

Annex C.2 — General provisions (manual extract)

1. Asset management

1.1 Projects are designed to meet the needs identified in the humanitarian needs overview. Beneficiary targeting follows cluster guidance and is discussed with local authorities and community representatives. Duplication with other funding sources is checked during review.

1.2 Personal data collected in the course of this engagement is processed only for the purposes stated in the agreement. Beneficiary-level data is not transferred to the file; aggregated figures are used for reporting. Any data-sharing arrangement with a third party requires a separate written protocol.

2. Scope and definitions

2.1 Visibility and communication materials shall carry the logos agreed in the communication plan. Draft materials are shared with the communications focal point at least ten working days before printing. The partner shall not use the logo in any fundraising material without prior written consent.

2.2 The parties shall cooperate in any audit, review or evaluation of the programme. Auditors shall have access to books, records and personnel, subject to reasonable notice. Findings will be shared with the partner for comment before a report is finalised.

3. Record keeping

3.1 Visibility and communication materials shall carry the logos agreed in the communication plan. Draft materials are shared with the communications focal point at least ten working days before printing. The partner shall not use the logo in any fundraising material without prior written consent.

3.2 Complaints and feedback from affected communities are received through a hotline, suggestion boxes and community focal points. The partner reports monthly on the number and category of complaints and on the time taken to respond. Sensitive complaints are referred through a confidential channel.

4. Environmental safeguards

4.1 Localisation is a guiding principle of the fund. National and local partners are encouraged to apply directly, and international partners are expected to show how they strengthen the capacities of local organisations they work with.

4.2 Security risk management follows the measures approved for the area of operations. Field movements are notified to the security focal point in advance. Activities in locations above the agreed security level are suspended until clearance is renewed.

5. Audit and review

5.1 The implementation timeline assumes timely customs clearance. Where duty exemption is available, the relevant certificates are requested at the time of order. Delays attributable to clearance are reported in the next progress report.

5.2 Localisation is a guiding principle of the fund. National and local partners are encouraged to apply directly, and international partners are expected to show how they strengthen the capacities of local organisations they work with.

6. Roles and responsibilities

6.1 The partner shall maintain a fixed asset register for equipment purchased with programme funds. Items above the capitalisation threshold are tagged and verified annually. Disposal or transfer of assets at the end of the programme requires written agreement.

6.2 Programme monitoring combines routine data review, field visits and spot checks. Monitoring visits are planned on a quarterly calendar and reports are filed within two weeks of each visit. Follow-up actions are assigned an owner and a due date.

7. Data protection

7.1 Environmental considerations are addressed in the implementation plan. Packaging waste from distributions is collected and disposed of through licensed operators where available. Vehicle use is logged and consolidated trips are encouraged to reduce fuel consumption.

7.2 Lessons from the previous cycle were considered in preparing this file, in particular the need for earlier engagement with district authorities and for clearer delivery schedules. These lessons are reflected in the timeline in the implementation plan.

Annex C.4 — Coordination meeting minutes

Meeting held on 20 March 2026. Present: Samuel Zeleketu, Ines Tshabalo, Rosa Varghese-Oku, Victor Kalunduwa, Samuel Qureshal, Bongani Imanyara.

Item 1. The supply officer reported stock levels at the central and district stores; no stock-outs were reported.

Item 2. The meeting reviewed the risk register and agreed to raise the rating for currency risk.

Item 3. The minutes of the previous meeting were adopted without amendment.

Item 4. Any other business: the date of the next meeting was set for the last week of the quarter.

Item 5. The finance officer presented the expenditure report for the quarter; the burn rate is in line with the plan.

Item 6. The M&E officer presented data quality findings from the last spot verification; corrective actions were agreed.

Item 7. The programme team reported on field activities and noted delays in two locations caused by road conditions.

Risk	Rating	Mitigation
Fuel shortages affecting field monitoring	Low	Fuel reserve; consolidated trips
Data loss from field devices	Low	Encrypted devices; weekly synchronisation
Heat damage to stored goods	Medium	Ventilated stores; temperature logs
Community tensions around targeting	Medium	Transparent criteria; community committees
Late submission of quarterly reports	Low	Reporting calendar; reminders two weeks before due date
Currency depreciation reduces purchasing power of local costs	Medium	Quarterly budget review; contingency line
Stock-outs at district level due to late reporting	Medium	Monthly stock reporting reminders
Insecurity along main supply route	High	Security clearance; alternative routing

Annex C.8 — Monthly activity report, November 2025

Reporting month: November 2025. This report summarises activities, outputs and issues for the month and is submitted with the monthly data set.

Meetings of the programme steering group take place quarterly. Minutes are circulated within ten working days and action points are tracked in the programme dashboard. Extraordinary meetings may be convened by either party.

Access constraints are monitored by the access working group. Projects in hard-to-reach areas describe contingency arrangements, including remote management and the use of local implementing staff.

Environmental considerations are addressed in the implementation plan. Packaging waste from distributions is collected and disposed of through licensed operators where available. Vehicle use is logged and consolidated trips are encouraged to reduce fuel consumption.

Output	Planned	Achieved	Comment
Sessions held	395	376	Road access issues
People reached	40	41	Road access issues
Supervision visits	322	255	Road access issues
Reports received on time	28	20	Slight delay
Stock reports submitted	28	22	Slight delay

Annex C.9 — Bank reconciliation summaries, second half of 2025

Month	Opening balance	Receipts	Payments	Closing balance	Reconciled by
July 2025	41,058	4,398	45,456	0	Accountant
August 2025	0	58,208	58,208	0	Finance Officer
September 2025	0	52,496	39,650	12,846	Finance Officer
October 2025	12,846	95,689	74,057	34,478	Finance Officer
November 2025	34,478	107,648	85,928	56,198	Finance Officer
December 2025	56,198	106,008	69,790	92,416	Accountant

Annex C.10 — General provisions (manual extract)

1. Amendments

1.1 The implementation timeline assumes timely customs clearance. Where duty exemption is available, the relevant certificates are requested at the time of order. Delays attributable to clearance are reported in the next progress report.

1.2 Protection mainstreaming is applied across sectors. Projects assess the risk that assistance may cause harm and describe measures to reduce it, including safe distribution arrangements and referral pathways.

2. Data protection

2.1 Cash and voucher assistance is designed in line with the cash working group guidance, including transfer values and delivery mechanisms. Market monitoring is carried out during implementation where feasible.

2.2 Audits of funded projects are carried out according to the audit plan of the fund. Audit reports are shared with partners, and follow-up of recommendations is tracked by the Humanitarian Financing Unit.

3. Communication and visibility

3.1 Meetings of the programme steering group take place quarterly. Minutes are circulated within ten working days and action points are tracked in the programme dashboard. Extraordinary meetings may be convened by either party.

3.2 Protection mainstreaming is applied across sectors. Projects assess the risk that assistance may cause harm and describe measures to reduce it, including safe distribution arrangements and referral pathways.

4. Travel and allowances

4.1 This file has been compiled for internal review. Page references in the index refer to the consolidated PDF. Where a document appears in more than one version, the latest signed version is filed and earlier versions are listed in the correspondence log.

4.2 Protection mainstreaming is applied across sectors. Projects assess the risk that assistance may cause harm and describe measures to reduce it, including safe distribution arrangements and referral pathways.

5. Environmental safeguards

5.1 The implementation timeline assumes timely customs clearance. Where duty exemption is available, the relevant certificates are requested at the time of order. Delays attributable to clearance are reported in the next progress report.

5.2 Cluster coordinators support the strategic and technical review of project proposals. Technical feedback is shared with partners through the grant management system and must be addressed before the project can progress.

6. Record keeping

6.1 Protection mainstreaming is applied across sectors. Projects assess the risk that assistance may cause harm and describe measures to reduce it, including safe distribution arrangements and referral pathways.

6.2 Access constraints are monitored by the access working group. Projects in hard-to-reach areas describe contingency arrangements, including remote management and the use of local implementing staff.

7. Complaints and feedback

7.1 Programme monitoring combines routine data review, field visits and spot checks. Monitoring visits are planned on a quarterly calendar and reports are filed within two weeks of each visit. Follow-up actions are assigned an owner and a due date.

7.2 Localisation is a guiding principle of the fund. National and local partners are encouraged to apply directly, and international partners are expected to show how they strengthen the capacities of local organisations they work with.

Annex C.12 — Coordination meeting minutes

Meeting held on 15 November 2026. Present: Amina Lindqvaar, Esther Okonkwere, Tariq Morabeth, Farah Duvaliere, Kofi Nakamboa, Tobias Abubakarri.

Item 1. The communication plan for the next quarter was endorsed.

Item 2. The supply officer reported stock levels at the central and district stores; no stock-outs were reported.

Item 3. The programme team reported on field activities and noted delays in two locations caused by road conditions.

Item 4. The meeting reviewed the risk register and agreed to raise the rating for currency risk.

Item 5. Any other business: the date of the next meeting was set for the last week of the quarter.

Item 6. The minutes of the previous meeting were adopted without amendment.

Item 7. The finance officer presented the expenditure report for the quarter; the burn rate is in line with the plan.

Risk	Rating	Mitigation
Staff turnover in partner finance unit	Medium	Handover checklist; refresher training
Heat damage to stored goods	Medium	Ventilated stores; temperature logs
Community tensions around targeting	Medium	Transparent criteria; community committees
Stock-outs at district level due to late reporting	Medium	Monthly stock reporting reminders
Fuel shortages affecting field monitoring	Low	Fuel reserve; consolidated trips
Road access to northern districts cut during rains	High	Pre-positioning before rainy season
Delays in customs clearance of imported goods	Medium	Early exemption requests; clearing agent
Insecurity along main supply route	High	Security clearance; alternative routing

Annex C.13 — Asset register

Annex C.16 — Monthly activity report, January 2026

Reporting month: January 2026. This report summarises activities, outputs and issues for the month and is submitted with the monthly data set.

Cash and voucher assistance is designed in line with the cash working group guidance, including transfer values and delivery mechanisms. Market monitoring is carried out during implementation where feasible.

The parties shall cooperate in any audit, review or evaluation of the programme. Auditors shall have access to books, records and personnel, subject to reasonable notice. Findings will be shared with the partner for comment before a report is finalised.

Complaints and feedback from affected communities are received through a hotline, suggestion boxes and community focal points. The partner reports monthly on the number and category of complaints and on the time taken to respond. Sensitive complaints are referred through a confidential channel.

Output	Planned	Achieved	Comment
Sessions held	350	292	Slight delay
People reached	172	167	On track
Supervision visits	369	338	Slight delay
Reports received on time	121	97	Slight delay
Stock reports submitted	362	357	Road access issues

Annex C.17 — Bank reconciliation summaries, second half of 2025

Month	Opening balance	Receipts	Payments	Closing balance	Reconciled by
July 2025	66,247	65,506	45,673	86,080	Finance Officer
August 2025	86,080	67,952	89,319	64,713	Accountant

November 2025	43,762	23,534	67,296	0	Finance Officer
December 2025	0	17,413	17,413	0	Accountant

Annex C.18 — General provisions (manual extract)

1. Audit and review

1.1 All documents in this file are maintained in accordance with the records retention schedule applicable to the country office. Originals of signed instruments are kept in the registry; scanned copies are uploaded to the shared drive within five working days of signature. Superseded drafts are retained only where they record a decision.

1.2 The partner shall maintain a fixed asset register for equipment purchased with programme funds. Items above the capitalisation threshold are tagged and verified annually. Disposal or transfer of assets at the end of the programme requires written agreement.

2. Asset management

2.1 The implementation timeline assumes timely customs clearance. Where duty exemption is available, the relevant certificates are requested at the time of order. Delays attributable to clearance are reported in the next progress report.

2.2 Environmental considerations are addressed in the implementation plan. Packaging waste from distributions is collected and disposed of through licensed operators where available. Vehicle use is logged and consolidated trips are encouraged to reduce fuel consumption.

3. Data protection

3.1 Protection mainstreaming is applied across sectors. Projects assess the risk that assistance may cause harm and describe measures to reduce it, including safe distribution arrangements and referral pathways.

3.2 All documents in this file are maintained in accordance with the records retention schedule applicable to the country office. Originals of signed instruments are kept in the registry; scanned copies are uploaded to the shared drive within five working days of signature. Superseded drafts are retained only where they record a decision.

4. Record keeping

4.1 Monitoring of funded projects follows the operational modalities approved by the Humanitarian Coordinator. Field monitoring, financial spot checks and remote call monitoring are planned according to partner risk level.

4.2 Accountability to affected people is a requirement for all funded projects. Partners describe the feedback mechanism used, the languages used for information sharing and how feedback leads to project adjustments.

5. Security management

5.1 Meetings of the programme steering group take place quarterly. Minutes are circulated within ten working days and action points are tracked in the programme dashboard. Extraordinary meetings may be convened by either party.

5.2 Cluster coordinators support the strategic and technical review of project proposals. Technical feedback is shared with partners through the grant management system and must be addressed before the project can progress.

6. Travel and allowances

6.1 The file follows the country office naming convention for electronic records: reference number, document type, version and date. Version numbers are incremented on every substantive change. Minor corrections of spelling or formatting do not create a new version.

6.2 Meetings of the programme steering group take place quarterly. Minutes are circulated within ten working days and action points are tracked in the programme dashboard. Extraordinary meetings may be convened by either party.

7. Environmental safeguards

7.1 The file follows the country office naming convention for electronic records: reference number, document type, version and date. Version numbers are incremented on every substantive change. Minor corrections of spelling or formatting do not create a new version.

7.2 The Country-Based Pooled Fund is managed by the Humanitarian Financing Unit on behalf of the Humanitarian Coordinator. Allocations support the priorities of the humanitarian response plan and are coordinated with the

clusters. The Advisory Board provides strategic guidance on fund use.
