Implementing partner file UGA-IP-2026-07

Selection of Rwenzo Women's Health Initiative (RWHI) and signature of the 2026 annual workplan

Country programme	10th country programme (synthetic), output 2 and output 4
Implementing partner	Rwenzo Women's Health Initiative (RWHI), national NGO
Workplan	WP-UGA-2026-RWHI-01, 1 April to 31 December 2026
Cumulative workplan amount	US$ 1,120,400 (programme cycle to date, including this workplan)
Selection modality	Competitive call for expression of interest on UNPP
Programme lead	Leila Zeleketu, Programme Specialist (SRHR)
File status	Complete for signature, except items flagged in section 9

INTERNAL MEMORANDUM

To	Representative
From	Leila Zeleketu, Programme Specialist
Date	19 March 2026
Subject	IP selection and workplan signature: RWHI

The country office launched a call for expression of interest for a national NGO to deliver integrated maternal health and GBV response services in Nyabuhoro and Kigando districts. Eleven concept notes were received; RWHI was ranked first by the review panel.

The HACT micro-assessment of RWHI rates the partner as significant risk, which will determine the assurance plan and the cash transfer modality.

This file assembles the selection record, the partner assessments, the restrictive measures screening and the draft workplan, and requests your signature of the workplan.

Name	Title / role	Signature	Date
Leila Zeleketu	Programme Specialist (prepared)	_____	19 March 2026
Pierre Morabeth	Operations Manager (reviewed)	_____	20 March 2026
Marta Balogandi	Representative	_____

1. Programme context

Maternal mortality in the two districts remains above the national average. Only 54 percent of births are attended by skilled personnel, and referral from the island sub-counties depends on a single motorised ambulance boat. Reported GBV cases increased by 30 percent in 2025, partly because of the new one-stop centre in Nyabuhoro town.

Programme supplies delivered in kind are recorded in the inventory system on receipt and at each transfer. Physical counts are carried out at the end of each quarter in the country office store and in partner warehouses.

Programme review meetings take place twice a year with the government coordinating authority and all implementing partners. The mid-year review may revise targets and budgets within the ceilings of the annual workplan.

Implementing partners report programme progress quarterly through the workplan progress report. Output indicators are measured against the baselines recorded at workplan signature. Deviations of more than twenty percent are explained in the narrative.

Humanitarian programming follows the minimum initial service package for reproductive health in crises. Readiness actions, including pre-positioning of kits, are reviewed during the annual preparedness exercise.

1.1 Results framework

Indicator	Baseline	Target	Means of verification
Proportion of births attended by skilled personnel (%)	40%	62%	HMIS
Number of GBV survivors receiving clinical management	128	928	GBVIMS aggregate
Number of midwives trained in EmONC	629	2627	Training reports
Proportion of facilities without stock-out of maternal health medicines (%)	29%	51%	LMIS
Number of adolescents reached with SRH information	1400	3350	Activity reports

2. Partner selection

RWHI was selected competitively through a call for expression of interest published on the UN Partner Portal on 12 January 2026 (reference CEFI/UGA/2026/003).

Concept notes were reviewed by a panel of three programme staff and one operations staff member. The panel applied the criteria published in the call: sector expertise (30), presence in the target area (20), approach and methodology (25), partnership and coordination (10) and cost-effectiveness (15).

Applicant (synthetic)	Expertise	Presence	Approach	Coordination	Cost	Total
Rwenzo Women's Health Initiative	24	20	20	9	13	86
Kigando Youth Health Forum	15	12	11	7	8	53
Lake Region Midwives Association	19	13	12	5	8	57
Hope Bridge Community Services	14	10	14	6	7	51
Nyabuhoro Development Trust	14	10	13	6	8	51
Mulago-Kasese Care Link	17	13	12	6	8	56
Islands Health Outreach	16	9	16	5	9	55
Ekitibwa Women Network	15	11	14	7	7	54
Rukiga Family Alliance	17	13	16	6	9	61
Pearl Health Volunteers	14	13	13	7	8	55
Unity Care Uganda	14	13	13	6	8	54

The call notice, the individual panel scoring sheets and the selection memorandum signed by the panel chair on 9 February 2026 are filed at Annex B.

Because the cumulative workplan amount for the programme cycle exceeds US$ 0.5 million, the engagement was submitted to the Regional Director, who approved it on 27 February 2026 (memorandum ESARO/RD/2026/044).

The parties shall cooperate in any audit, review or evaluation of the programme. Auditors shall have access to books, records and personnel, subject to reasonable notice. Findings will be shared with the partner for comment before a report is finalised.

Visibility and communication materials shall carry the logos agreed in the communication plan. Draft materials are shared with the communications focal point at least ten working days before printing. The partner shall not use the logo in any fundraising material without prior written consent.

3. Partner assessments

The partner profile of RWHI on UNPP (partner ID UG-NGO-48213) is complete and was verified by the country office on 30 January 2026.

The micro-assessment was carried out by an audit firm contracted under the inter-agency HACT arrangements. Field work took place between 23 February and 6 March 2026. The draft report was discussed with RWHI management on 10 March 2026.

The PSEA capacity assessment of RWHI is scheduled for the second quarter and has not been completed at the date of this file.

Lessons from the previous cycle were considered in preparing this file, in particular the need for earlier engagement with district authorities and for clearer delivery schedules. These lessons are reflected in the timeline in the implementation plan.

Assurance activities for implementing partners include programmatic monitoring visits, spot checks and audits in line with the assurance plan. The assurance plan is updated at the start of each year on the basis of cash transfer volumes and prior findings.

Implementing partners report programme progress quarterly through the workplan progress report. Output indicators are measured against the baselines recorded at workplan signature. Deviations of more than twenty percent are explained in the narrative.

4. Integrity checks

The conflict-of-interest declaration of RWHI, which the partner was asked to sign with its concept note, was returned unsigned and has not been replaced.

A related-party and beneficial-ownership check completed on 10 March 2026 found no shared addresses, bank accounts, telephone numbers or board members between RWHI, UNFPA personnel and current UNFPA vendors.

5. Restrictive measures screening

Entity screened	Rwenzo Women's Health Initiative (RWHI), NGO registration INDR-114/2019
Entity type	Non-governmental organisation
Screening date	Screened on 11 March 2026
Evidence	Printout UGA-RM-2026-031 in the registry

RWHI and its two directors were screened against the UN Security Council Consolidated List and the UNGM ineligibility list.

No match was found, and the screen result is recorded as clear.

RWHI is not subject to any VRC sanction or IPRC case, and no flag is shown on its UNPP profile.

ClearCheck was not run, as no individual personnel of RWHI are engaged under a UNFPA contract.

6. Workplan and payment arrangements

Cash will be advanced quarterly on FACE forms that reference workplan WP-UGA-2026-RWHI-01, and each FACE will be checked against the workplan budget lines before release.

The workplan includes non-cash lines for 2,400 dignity kits, 60 midwifery kits and 12 clinical management of rape kits supplied in kind by the country office.

The workplan does not contain a procurement line for the partner, since no procurement by RWHI is foreseen in 2026.

Code	Budget line	Unit	Qty	Unit cost	Total (US$)
1.01	EmONC mentorship visits	visit	52	243	12,636
1.02	Midwife EmONC training	participant	59	225	13,275
1.03	One-stop centre case workers	month	18	599	10,782
1.04	Referral boat fuel and crew	month	9	875	7,875
1.05	Community dialogues on GBV	session	70	124	8,680
1.06	Adolescent SRH outreach	session	92	78	7,176
2.01	Programme staff	month	9	3,296	29,664
2.02	Monitoring and data	month	9	512	4,608
	Subtotal, lines shown				94,696

Summary of the main cost lines only. Support costs, contingency and lines below the reporting threshold are carried in the detailed costing and are not shown here.

7. Policy reminders

Under the country office procurement delegation, contracts and purchase orders above US$ 100,000 must be reviewed by the Contracts Review Committee before award, and the CRC minutes must be filed with the award.

Contract-splitting to avoid review thresholds is prohibited; the procurement unit checks cumulative orders to the same vendor for the same object over a rolling 12-month period.

8. Items flagged for the Representative

The PSEA capacity assessment and the partner conflict-of-interest declaration remain outstanding. The programme team proposes to sign the workplan and to make the second quarterly advance conditional on both items.

Annex A — Call for expression of interest (text)

UNFPA Uganda invites national NGOs with experience in maternal health and GBV response to submit concept notes for the delivery of integrated services in Nyabuhoro and Kigando districts from April 2026. Applications must be submitted through the UN Partner Portal by 2 February 2026.

Cash management follows the principle of minimum balances. Funds are held in a dedicated account and interest earned is reported. Transfers are requested on the basis of a cash forecast for the following quarter.

Security risk management follows the measures approved for the area of operations. Field movements are notified to the security focal point in advance. Activities in locations above the agreed security level are suspended until clearance is renewed.

Meetings of the programme steering group take place quarterly. Minutes are circulated within ten working days and action points are tracked in the programme dashboard. Extraordinary meetings may be convened by either party.

Annex B — Selection memorandum and panel scoring (extract)

The panel met on 5 and 6 February 2026. Each member scored the concept notes independently before a moderation session. The chair recorded the moderated scores shown in section 2 and recommended RWHI as the highest-ranked applicant.

Name	Title / role	Signature	Date
Farah Imanyara	Panel chair, Programme Specialist	_____	9 February 2026
Obinna Oyelakin-Ross	Panel member, GBV Analyst	_____	9 February 2026
Ines Mwakideu	Panel member, Operations Associate	_____	9 February 2026

Annex C — HACT micro-assessment report (summary)

Subject area	Risk rating
Implementing partner	Low
Funds flow	Moderate
Organisational structure and staffing	Moderate
Accounting policies and procedures	Moderate
Fixed assets and inventory	Low
Financial reporting and monitoring	Significant
Procurement	Moderate

The final micro-assessment report issued on 14 March 2026 rates RWHI as moderate risk overall; the significant-risk rating quoted in the cover memorandum was the draft rating and is superseded.

Data on gender-based violence is handled according to the information-sharing protocol of the GBV sub-cluster. Survivor-level information is never recorded in programme files.

Humanitarian programming follows the minimum initial service package for reproductive health in crises. Readiness actions, including pre-positioning of kits, are reviewed during the annual preparedness exercise.

Annex D — Workplan activities

#	Activity	Q1	Q2	Q3	Q4	Responsible
1	EmONC mentorship in 14 facilities	x	x	x	x	Finance officer

Spot check 1	June 2026	Finance Associate
Programmatic visit 2	August 2026	Programme Analyst
Spot check 2	October 2026	Third-party firm
Audit (if above threshold)	Q1 2027	HACT audit firm

1. Closure of agreements

1.1 Programme supplies delivered in kind are recorded in the inventory system on receipt and at each transfer. Physical counts are carried out at the end of each quarter in the country office store and in partner warehouses.

1.2 Programme monitoring combines routine data review, field visits and spot checks. Monitoring visits are planned on a quarterly calendar and reports are filed within two weeks of each visit. Follow-up actions are assigned an owner and a due date.

2. Environmental safeguards

2.1 Security risk management follows the measures approved for the area of operations. Field movements are notified to the security focal point in advance. Activities in locations above the agreed security level are suspended until clearance is renewed.

2.2 Financial and narrative reports shall be submitted in English. Where supporting documents are in a national language, a short summary in English is attached. Currency conversions use the UN operational rate of exchange in force on the date of the transaction.

3. Communication and visibility

3.1 Gender and inclusion considerations have been reflected in the design of activities. Sex- and age-disaggregated data is collected for all output indicators. Consultations with community representatives include separate sessions for women and adolescent girls.

3.2 Programme monitoring combines routine data review, field visits and spot checks. Monitoring visits are planned on a quarterly calendar and reports are filed within two weeks of each visit. Follow-up actions are assigned an owner and a due date.

4. Audit and review

4.1 Lessons from the previous cycle were considered in preparing this file, in particular the need for earlier engagement with district authorities and for clearer delivery schedules. These lessons are reflected in the timeline in the implementation plan.

4.2 Staff costs charged to the programme are supported by timesheets approved by the line manager. Shared costs are apportioned on a documented basis that is applied consistently across donors. Changes to the apportionment basis are notified in writing.

5. Programme monitoring

5.1 Staff costs charged to the programme are supported by timesheets approved by the line manager. Shared costs are apportioned on a documented basis that is applied consistently across donors. Changes to the apportionment basis are notified in writing.

5.2 The parties shall cooperate in any audit, review or evaluation of the programme. Auditors shall have access to books, records and personnel, subject to reasonable notice. Findings will be shared with the partner for comment before a report is finalised.

6. Security management

6.1 Cash management follows the principle of minimum balances. Funds are held in a dedicated account and interest earned is reported. Transfers are requested on the basis of a cash forecast for the following quarter.

6.2 Implementing partners report programme progress quarterly through the workplan progress report. Output indicators are measured against the baselines recorded at workplan signature. Deviations of more than twenty

percent are explained in the narrative.

Annex E.1 — General provisions (manual extract)

1. Financial reporting

1.1 The implementation timeline assumes timely customs clearance. Where duty exemption is available, the relevant certificates are requested at the time of order. Delays attributable to clearance are reported in the next progress report.

1.2 Meetings of the programme steering group take place quarterly. Minutes are circulated within ten working days and action points are tracked in the programme dashboard. Extraordinary meetings may be convened by either party.

2. Roles and responsibilities

2.1 Any amendment to the agreement shall be made in writing and signed by the authorised representatives of both parties. Budget reallocations within a category of up to ten percent may be agreed by exchange of letters; larger changes require a formal amendment.

2.2 Complaints and feedback from affected communities are received through a hotline, suggestion boxes and community focal points. The partner reports monthly on the number and category of complaints and on the time taken to respond. Sensitive complaints are referred through a confidential channel.

3. Travel and allowances

3.1 Financial and narrative reports shall be submitted in English. Where supporting documents are in a national language, a short summary in English is attached. Currency conversions use the UN operational rate of exchange in force on the date of the transaction.

3.2 Any amendment to the agreement shall be made in writing and signed by the authorised representatives of both parties. Budget reallocations within a category of up to ten percent may be agreed by exchange of letters; larger changes require a formal amendment.

4. Record keeping

4.1 Implementing partners report programme progress quarterly through the workplan progress report. Output indicators are measured against the baselines recorded at workplan signature. Deviations of more than twenty percent are explained in the narrative.

4.2 Programme review meetings take place twice a year with the government coordinating authority and all implementing partners. The mid-year review may revise targets and budgets within the ceilings of the annual workplan.

5. Scope and definitions

5.1 Security risk management follows the measures approved for the area of operations. Field movements are notified to the security focal point in advance. Activities in locations above the agreed security level are suspended until clearance is renewed.

5.2 Environmental considerations are addressed in the implementation plan. Packaging waste from distributions is collected and disposed of through licensed operators where available. Vehicle use is logged and consolidated trips are encouraged to reduce fuel consumption.

6. Complaints and feedback

6.1 Programme review meetings take place twice a year with the government coordinating authority and all implementing partners. The mid-year review may revise targets and budgets within the ceilings of the annual workplan.

6.2 Staff costs charged to the programme are supported by timesheets approved by the line manager. Shared costs are apportioned on a documented basis that is applied consistently across donors. Changes to the apportionment basis are notified in writing.

7. Environmental safeguards

7.1 Staff costs charged to the programme are supported by timesheets approved by the line manager. Shared costs are apportioned on a documented basis that is applied consistently across donors. Changes to the apportionment

basis are notified in writing.

7.2 Implementing partners report programme progress quarterly through the workplan progress report. Output indicators are measured against the baselines recorded at workplan signature. Deviations of more than twenty percent are explained in the narrative.

Annex E.3 — Coordination meeting minutes

Meeting held on 18 February 2026. Present: Leila Morabeth, Tobias Nakamboa, Hawa Mbuyamba, Felix Abubakarri, Joseph Tesfamarin, Joseph Zeleketu.

Item 1. The meeting reviewed the risk register and agreed to raise the rating for currency risk.

Item 2. Any other business: the date of the next meeting was set for the last week of the quarter.

Item 3. The M&E officer presented data quality findings from the last spot verification; corrective actions were agreed.

Item 4. The programme team reported on field activities and noted delays in two locations caused by road conditions.

Item 5. The communication plan for the next quarter was endorsed.

Item 6. The finance officer presented the expenditure report for the quarter; the burn rate is in line with the plan.

Item 7. The supply officer reported stock levels at the central and district stores; no stock-outs were reported.

Risk	Rating	Mitigation
Late submission of quarterly reports	Low	Reporting calendar; reminders two weeks before due date
Road access to northern districts cut during rains	High	Pre-positioning before rainy season
Insecurity along main supply route	High	Security clearance; alternative routing
Price increases for locally sourced items	Medium	Market survey before each order
Staff turnover in partner finance unit	Medium	Handover checklist; refresher training
Community tensions around targeting	Medium	Transparent criteria; community committees
Stock-outs at district level due to late reporting	Medium	Monthly stock reporting reminders
Currency depreciation reduces purchasing power of local costs	Medium	Quarterly budget review; contingency line

Annex E.7 — Monthly activity report, October 2025

Reporting month: October 2025. This report summarises activities, outputs and issues for the month and is submitted with the monthly data set.

Implementing partners report programme progress quarterly through the workplan progress report. Output indicators are measured against the baselines recorded at workplan signature. Deviations of more than twenty percent are explained in the narrative.

The implementation timeline assumes timely customs clearance. Where duty exemption is available, the relevant certificates are requested at the time of order. Delays attributable to clearance are reported in the next progress report.

Any amendment to the agreement shall be made in writing and signed by the authorised representatives of both parties. Budget reallocations within a category of up to ten percent may be agreed by exchange of letters; larger changes require a formal amendment.

Output	Planned	Achieved	Comment
Sessions held	95	77	On track
People reached	360	376	On track
Supervision visits	29	29	Slight delay
Reports received on time	44	36	Slight delay
Stock reports submitted	139	125	Slight delay
