Implementing partner file JOR-IP-2026-04

Non-competitive engagement of Wadi Sirhan Women's Collective (WSWC) for GBV case management and women and girls safe spaces

Implementing partner	Wadi Sirhan Women's Collective (WSWC), women-led national NGO
Location	Al-Rimal settlement and host communities (synthetic)
Workplans	WP-JOR-2026-WSWC-01 (US$ 367,000) and WP-JOR-2026-WSWC-02 (US$ 367,000)
Cumulative amount	US$ 734,000 for 2026
Selection path	Non-competitive, humanitarian exception
UNPP status (as at memo)	Not validated
Focal point	Farah Osei-Brandt, GBV Specialist

INTERNAL MEMORANDUM

To	Representative
From	Farah Osei-Brandt, GBV Specialist
Date	16 April 2026
Subject	Engagement of WSWC under the humanitarian exception

Following the arrival of approximately 6,000 additional residents in Al-Rimal settlement in February, GBV case management capacity is insufficient. WSWC already runs two safe spaces in the settlement with funding from another donor that ends in May.

The programme team proposes to engage WSWC non-competitively under the humanitarian exception. The UNPP profile of WSWC has not been validated at the date of this memorandum.

Two workplans are proposed: one for case management and one for safe spaces. Each is below US$ 0.5 million.

1. Humanitarian context

Al-Rimal is an informal settlement of about 21,000 people, with a further 9,000 in surrounding host communities. Service mapping in March 2026 identified one functioning GBV case management provider for the whole area, with a waiting list of 140 survivors.

The country office supply chain team coordinates with the procurement services branch for international orders. Local procurement is limited to items available on the national market that meet specifications.

Assurance activities for implementing partners include programmatic monitoring visits, spot checks and audits in line with the assurance plan. The assurance plan is updated at the start of each year on the basis of cash transfer volumes and prior findings.

Programme supplies delivered in kind are recorded in the inventory system on receipt and at each transfer. Physical counts are carried out at the end of each quarter in the country office store and in partner warehouses.

Service	Providers (Mar 2026)	Coverage gap
GBV case management	1	High
Women and girls safe spaces	2	Medium
Clinical management of rape	1 clinic	High
Psychosocial support	3	Medium
Legal aid	1	High

2. Selection path

WSWC is engaged through the documented non-competitive path for humanitarian situations, which the country office invoked on 2 April 2026.

The non-competitive selection template, setting out the humanitarian justification and the reasons for choosing WSWC, was signed by the Representative on 2 April 2026 and is at Annex A.

Regional Director approval was requested on 5 April 2026 for the cumulative amount of US$ 734,000 but had not been granted at the date of this file.

The two workplans of US$ 367,000 each are for the same partner and a closely related object, and no review of whether the split avoids the higher approval level has been recorded.

Transport and storage arrangements take account of the rainy season. Pre-positioning of goods in district stores is completed before the end of the dry season where possible. Temperature logs are kept for items that require controlled storage.

Any amendment to the agreement shall be made in writing and signed by the authorised representatives of both parties. Budget reallocations within a category of up to ten percent may be agreed by exchange of letters; larger changes require a formal amendment.

3. Partner assessments

Micro-assessment by an external firm, report dated 9 March 2026: overall risk rating high, driven by financial reporting and procurement.

The PSEA capacity assessment carried out on 11 March 2026 found that WSWC meets 7 of the 8 core standards, which is rated as full capacity.

Under the country office partner management procedures, all staff involved in the selection of an implementing partner are required to complete a conflict-of-interest declaration before the selection decision is taken.

The related-party check of 12 April 2026 found that the WSWC treasurer shares a residential address with a UNFPA programme associate, and the matter was referred to the ethics focal point.

4. Restrictive measures screening

Entity	Wadi Sirhan Women's Collective (WSWC), registration MSD-NGO-2017-0291
Kind	Organization
Date	13 April 2026 (desk screen)

The screen was run against the UN Security Council Consolidated List only; the UNGM ineligibility list was not consulted.

The screen returned a potential match with a similarly named association registered in another country.

The Deputy Representative recorded the decision to select WSWC after confirming that the listed association has a different registration number, address and founders.

The screening printout is not attached to the file, and no screening record number was noted.

There is no VRC or IPRC record concerning WSWC, and its UNPP profile carries no flag.

ClearCheck has not been run for the three WSWC case workers who will be seconded to the UNFPA-supported safe spaces.

5. Workplan, supplies and payment

Both workplans list in-kind supplies from the country office: 1,200 solar lamps and 1,500 dignity kits for safe-space participants.

The solar lamps are covered by line 22 of the country office procurement plan for 2026.

A first batch of 400 lamps was handed over to WSWC on 24 March 2026 from existing stock to support the safe spaces during the transition.

No receiving and inspection report is on file for the 400 lamps handed over in March.

Code	Budget line	Unit	Qty	Unit cost	Total (US$)
1.01	Case workers (6)	month	54	854	46,116
1.02	Case management supervisor	month	9	1,468	13,212
1.03	Safe space rent and utilities	month	18	1,063	19,134
1.04	Safe space activities	session	307	76	23,332
1.05	Emergency cash for survivors	case	236	94	22,184
1.06	Transport to services	trip	900	24	21,600
2.01	Training of case workers	participant	24	200	4,800
2.02	Programme management	month	9	3,318	29,862
	Subtotal, lines shown				180,240

Summary of the main cost lines only. Support costs, contingency and lines below the reporting threshold are carried in the detailed costing and are not shown here.

Annex A — Non-competitive selection template (signed)

Partner	Wadi Sirhan Women's Collective
Justification	Sudden influx; existing presence in settlement; only women-led provider with trained case workers
Duration	May to December 2026
Signed	Representative, 2 April 2026

All documents in this file are maintained in accordance with the records retention schedule applicable to the country office. Originals of signed instruments are kept in the registry; scanned copies are uploaded to the shared drive within five working days of signature. Superseded drafts are retained only where they record a decision.

Reproductive health commodities are managed through the national logistics management information system. Distribution to service delivery points follows the approved distribution plan. Last-mile assurance checks are performed in a sample of facilities each quarter.

Gender and inclusion considerations have been reflected in the design of activities. Sex- and age-disaggregated data is collected for all output indicators. Consultations with community representatives include separate sessions for women and adolescent girls.

Annex B — Partner registration and profile

WSWC was registered with the Ministry of Social Development in 2017. It employs 23 staff and 40 volunteers, 90 percent of whom are women.

UNPP validation of the WSWC profile was completed on 20 April 2026 under partner ID JO-NGO-77104, after the date of the cover memorandum.

Governance body	Members	Meets
General assembly	41	Annually
Board	7	Quarterly
Audit committee	3	Twice a year

Annex C — Case management standard operating procedures (extract)

1. Roles and responsibilities

1.1 Reproductive health commodities are managed through the national logistics management information system. Distribution to service delivery points follows the approved distribution plan. Last-mile assurance checks are performed in a sample of facilities each quarter.

1.2 Programme monitoring combines routine data review, field visits and spot checks. Monitoring visits are planned on a quarterly calendar and reports are filed within two weeks of each visit. Follow-up actions are assigned an owner and a due date.

2. Complaints and feedback

2.1 This file has been compiled for internal review. Page references in the index refer to the consolidated PDF. Where a document appears in more than one version, the latest signed version is filed and earlier versions are listed in the correspondence log.

2.2 All documents in this file are maintained in accordance with the records retention schedule applicable to the country office. Originals of signed instruments are kept in the registry; scanned copies are uploaded to the shared drive within five working days of signature. Superseded drafts are retained only where they record a decision.

3. Programme monitoring

3.1 Gender and inclusion considerations have been reflected in the design of activities. Sex- and age-disaggregated data is collected for all output indicators. Consultations with community representatives include separate sessions for women and adolescent girls.

3.2 Meetings of the programme steering group take place quarterly. Minutes are circulated within ten working days and action points are tracked in the programme dashboard. Extraordinary meetings may be convened by either party.

4. Data protection

4.1 The country office supply chain team coordinates with the procurement services branch for international orders. Local procurement is limited to items available on the national market that meet specifications.

4.2 Humanitarian programming follows the minimum initial service package for reproductive health in crises. Readiness actions, including pre-positioning of kits, are reviewed during the annual preparedness exercise.

5. Audit and review

5.1 All documents in this file are maintained in accordance with the records retention schedule applicable to the country office. Originals of signed instruments are kept in the registry; scanned copies are uploaded to the shared drive within five working days of signature. Superseded drafts are retained only where they record a decision.

5.2 The workplan budget is expressed in United States dollars. Local currency expenditure is converted at the UN operational rate of exchange. Direct support costs are not charged by the implementing partner.

6. Security management

6.1 Gender and inclusion considerations have been reflected in the design of activities. Sex- and age-disaggregated data is collected for all output indicators. Consultations with community representatives include separate sessions for women and adolescent girls.

6.2 Cash management follows the principle of minimum balances. Funds are held in a dedicated account and interest earned is reported. Transfers are requested on the basis of a cash forecast for the following quarter.

7. Closure of agreements

7.1 The partner shall maintain a fixed asset register for equipment purchased with programme funds. Items above the capitalisation threshold are tagged and verified annually. Disposal or transfer of assets at the end of the programme requires written agreement.

7.2 Meetings of the programme steering group take place quarterly. Minutes are circulated within ten working days and action points are tracked in the programme dashboard. Extraordinary meetings may be convened by either party.

8. Travel and allowances

8.1 Visibility and communication materials shall carry the logos agreed in the communication plan. Draft materials are shared with the communications focal point at least ten working days before printing. The partner shall not use the logo in any fundraising material without prior written consent.

8.2 The workplan budget is expressed in United States dollars. Local currency expenditure is converted at the UN operational rate of exchange. Direct support costs are not charged by the implementing partner.

9. Environmental safeguards

9.1 The country office applies the policy on the prevention of sexual harassment and abuse of authority to all personnel, including consultants and interns. Training completion is tracked by the human resources unit.

9.2 Reproductive health commodities are managed through the national logistics management information system. Distribution to service delivery points follows the approved distribution plan. Last-mile assurance checks are performed in a sample of facilities each quarter.

Annex D.2 — General provisions (manual extract)

1. Record keeping

1.1 Data on gender-based violence is handled according to the information-sharing protocol of the GBV sub-cluster. Survivor-level information is never recorded in programme files.

1.2 Programme review meetings take place twice a year with the government coordinating authority and all implementing partners. The mid-year review may revise targets and budgets within the ceilings of the annual workplan.

2. Programme monitoring

2.1 This file is prepared under the country programme document and the annual workplan agreed with the government coordinating authority. Programme outputs are aligned with the transformative results on maternal deaths, unmet need for family planning, and gender-based violence and harmful practices.

2.2 Visibility and communication materials shall carry the logos agreed in the communication plan. Draft materials are shared with the communications focal point at least ten working days before printing. The partner shall not use the logo in any fundraising material without prior written consent.

3. Closure of agreements

3.1 Programme monitoring combines routine data review, field visits and spot checks. Monitoring visits are planned on a quarterly calendar and reports are filed within two weeks of each visit. Follow-up actions are assigned an owner and a due date.

3.2 The file follows the country office naming convention for electronic records: reference number, document type, version and date. Version numbers are incremented on every substantive change. Minor corrections of spelling or formatting do not create a new version.

4. Scope and definitions

4.1 Financial and narrative reports shall be submitted in English. Where supporting documents are in a national language, a short summary in English is attached. Currency conversions use the UN operational rate of exchange in force on the date of the transaction.

4.2 Assurance activities for implementing partners include programmatic monitoring visits, spot checks and audits in line with the assurance plan. The assurance plan is updated at the start of each year on the basis of cash transfer volumes and prior findings.

5. Amendments

5.1 The country office applies the policy on the prevention of sexual harassment and abuse of authority to all personnel, including consultants and interns. Training completion is tracked by the human resources unit.

5.2 Any amendment to the agreement shall be made in writing and signed by the authorised representatives of both parties. Budget reallocations within a category of up to ten percent may be agreed by exchange of letters; larger changes require a formal amendment.

6. Communication and visibility

6.1 Lessons from the previous cycle were considered in preparing this file, in particular the need for earlier engagement with district authorities and for clearer delivery schedules. These lessons are reflected in the timeline in the implementation plan.

6.2 Humanitarian programming follows the minimum initial service package for reproductive health in crises. Readiness actions, including pre-positioning of kits, are reviewed during the annual preparedness exercise.

7. Audit and review

7.1 Transport and storage arrangements take account of the rainy season. Pre-positioning of goods in district stores is completed before the end of the dry season where possible. Temperature logs are kept for items that require controlled storage.

7.2 Data on gender-based violence is handled according to the information-sharing protocol of the GBV sub-cluster. Survivor-level information is never recorded in programme files.

Annex D.4 — Coordination meeting minutes

Meeting held on 20 March 2026. Present: Rosa Zeleketu, Nadia Belmonte-Ari, Felix Imanyara, Chipo Chakwendu, Selam Sithembele, Rosa Okonkwere.

Item 1. Any other business: the date of the next meeting was set for the last week of the quarter.

Item 2. The communication plan for the next quarter was endorsed.

Item 3. The supply officer reported stock levels at the central and district stores; no stock-outs were reported.

Item 4. The programme team reported on field activities and noted delays in two locations caused by road conditions.

Item 5. The finance officer presented the expenditure report for the quarter; the burn rate is in line with the plan.

Item 6. The M&E officer presented data quality findings from the last spot verification; corrective actions were agreed.

Item 7. The meeting reviewed the risk register and agreed to raise the rating for currency risk.

Risk	Rating	Mitigation
Road access to northern districts cut during rains	High	Pre-positioning before rainy season
Staff turnover in partner finance unit	Medium	Handover checklist; refresher training
Heat damage to stored goods	Medium	Ventilated stores; temperature logs
Price increases for locally sourced items	Medium	Market survey before each order
Delays in customs clearance of imported goods	Medium	Early exemption requests; clearing agent
Currency depreciation reduces purchasing power of local costs	Medium	Quarterly budget review; contingency line
Fuel shortages affecting field monitoring	Low	Fuel reserve; consolidated trips
Community tensions around targeting	Medium	Transparent criteria; community committees

Annex D.8 — Monthly activity report, November 2025

Reporting month: November 2025. This report summarises activities, outputs and issues for the month and is submitted with the monthly data set.

Any amendment to the agreement shall be made in writing and signed by the authorised representatives of both parties. Budget reallocations within a category of up to ten percent may be agreed by exchange of letters; larger changes require a formal amendment.

Lessons from the previous cycle were considered in preparing this file, in particular the need for earlier engagement with district authorities and for clearer delivery schedules. These lessons are reflected in the timeline in the implementation plan.

The file follows the country office naming convention for electronic records: reference number, document type, version and date. Version numbers are incremented on every substantive change. Minor corrections of spelling or formatting do not create a new version.

Output	Planned	Achieved	Comment
Sessions held	47	33	Above target
People reached	64	62	Above target
Supervision visits	378	308	Slight delay
Reports received on time	313	328	On track
Stock reports submitted	210	184	Slight delay

Annex D.9 — Bank reconciliation summaries, second half of 2025

Month	Opening balance	Receipts	Payments	Closing balance	Reconciled by
July 2025	48,159	83,060	53,462	77,757	Accountant
August 2025	77,757	116,501	48,359	145,899	Finance Officer
September 2025	145,899	81,134	71,272	155,761	Accountant
October 2025	155,761	90,461	55,475	190,747	Finance Officer
November 2025	190,747	99,808	48,757	241,798	Finance Officer
December 2025	241,798	22,054	74,784	189,068	Finance Officer

Annex D.10 — General provisions (manual extract)

1. Complaints and feedback

1.1 The file follows the country office naming convention for electronic records: reference number, document type, version and date. Version numbers are incremented on every substantive change. Minor corrections of spelling or formatting do not create a new version.

1.2 Personal data collected in the course of this engagement is processed only for the purposes stated in the agreement. Beneficiary-level data is not transferred to the file; aggregated figures are used for reporting. Any data-sharing arrangement with a third party requires a separate written protocol.

2. Financial reporting

2.1 Meetings of the programme steering group take place quarterly. Minutes are circulated within ten working days and action points are tracked in the programme dashboard. Extraordinary meetings may be convened by either party.

2.2 Gender and inclusion considerations have been reflected in the design of activities. Sex- and age-disaggregated data is collected for all output indicators. Consultations with community representatives include separate sessions for women and adolescent girls.

3. Closure of agreements

3.1 Cash management follows the principle of minimum balances. Funds are held in a dedicated account and interest earned is reported. Transfers are requested on the basis of a cash forecast for the following quarter.

3.2 Visibility and communication materials shall carry the logos agreed in the communication plan. Draft materials are shared with the communications focal point at least ten working days before printing. The partner shall not use the logo in any fundraising material without prior written consent.

4. Programme monitoring

4.1 Visibility and communication materials shall carry the logos agreed in the communication plan. Draft materials are shared with the communications focal point at least ten working days before printing. The partner shall not use the logo in any fundraising material without prior written consent.

4.2 Cash management follows the principle of minimum balances. Funds are held in a dedicated account and interest earned is reported. Transfers are requested on the basis of a cash forecast for the following quarter.

5. Amendments

5.1 The country office applies the policy on the prevention of sexual harassment and abuse of authority to all personnel, including consultants and interns. Training completion is tracked by the human resources unit.

5.2 Programme review meetings take place twice a year with the government coordinating authority and all implementing partners. The mid-year review may revise targets and budgets within the ceilings of the annual workplan.

6. Data protection

6.1 Transport and storage arrangements take account of the rainy season. Pre-positioning of goods in district stores is completed before the end of the dry season where possible. Temperature logs are kept for items that require controlled storage.

6.2 The file follows the country office naming convention for electronic records: reference number, document type, version and date. Version numbers are incremented on every substantive change. Minor corrections of spelling or formatting do not create a new version.

7. Communication and visibility

7.1 Humanitarian programming follows the minimum initial service package for reproductive health in crises. Readiness actions, including pre-positioning of kits, are reviewed during the annual preparedness exercise.

7.2 Cash management follows the principle of minimum balances. Funds are held in a dedicated account and interest earned is reported. Transfers are requested on the basis of a cash forecast for the following quarter.

Annex D.12 — Coordination meeting minutes

Meeting held on 15 November 2026. Present: Marta Chakwendu, Lerato Kalunduwa, Esther Mwakideu, Nadia Haddouri, Leila Belmonte-Ari, Leila Sithembele.

Item 1. The finance officer presented the expenditure report for the quarter; the burn rate is in line with the plan.

Item 2. The M&E officer presented data quality findings from the last spot verification; corrective actions were agreed.

Item 3. Any other business: the date of the next meeting was set for the last week of the quarter.

Item 4. The programme team reported on field activities and noted delays in two locations caused by road conditions.

Item 5. The communication plan for the next quarter was endorsed.

Item 6. The meeting reviewed the risk register and agreed to raise the rating for currency risk.

Item 7. The supply officer reported stock levels at the central and district stores; no stock-outs were reported.

Risk	Rating	Mitigation
Community tensions around targeting	Medium	Transparent criteria; community committees
Heat damage to stored goods	Medium	Ventilated stores; temperature logs
Price increases for locally sourced items	Medium	Market survey before each order
Late submission of quarterly reports	Low	Reporting calendar; reminders two weeks before due date
Stock-outs at district level due to late reporting	Medium	Monthly stock reporting reminders
Insecurity along main supply route	High	Security clearance; alternative routing
Data loss from field devices	Low	Encrypted devices; weekly synchronisation
Road access to northern districts cut during rains	High	Pre-positioning before rainy season

Annex D.16 — Monthly activity report, January 2026

Reporting month: January 2026. This report summarises activities, outputs and issues for the month and is submitted with the monthly data set.

The implementation timeline assumes timely customs clearance. Where duty exemption is available, the relevant certificates are requested at the time of order. Delays attributable to clearance are reported in the next progress report.

Gender and inclusion considerations have been reflected in the design of activities. Sex- and age-disaggregated data is collected for all output indicators. Consultations with community representatives include separate sessions for women and adolescent girls.

Humanitarian programming follows the minimum initial service package for reproductive health in crises. Readiness actions, including pre-positioning of kits, are reviewed during the annual preparedness exercise.

Output	Planned	Achieved	Comment
Sessions held	54	43	On track
People reached	220	177	Above target
Supervision visits	385	309	On track
Reports received on time	50	36	Road access issues
Stock reports submitted	321	262	Above target

Annex E — Correspondence log and abbreviations

Date	From	To	Subject
23 February 2026	Supply	Finance	Minutes of coordination meeting
26 February 2026	Registry	Registry	Field visit schedule for Q3
3 March 2026	Supply	Finance	Bank account confirmation letter
